

# Sappi Saiccor - Extracts from Ethekewini GIS maps

June 2023

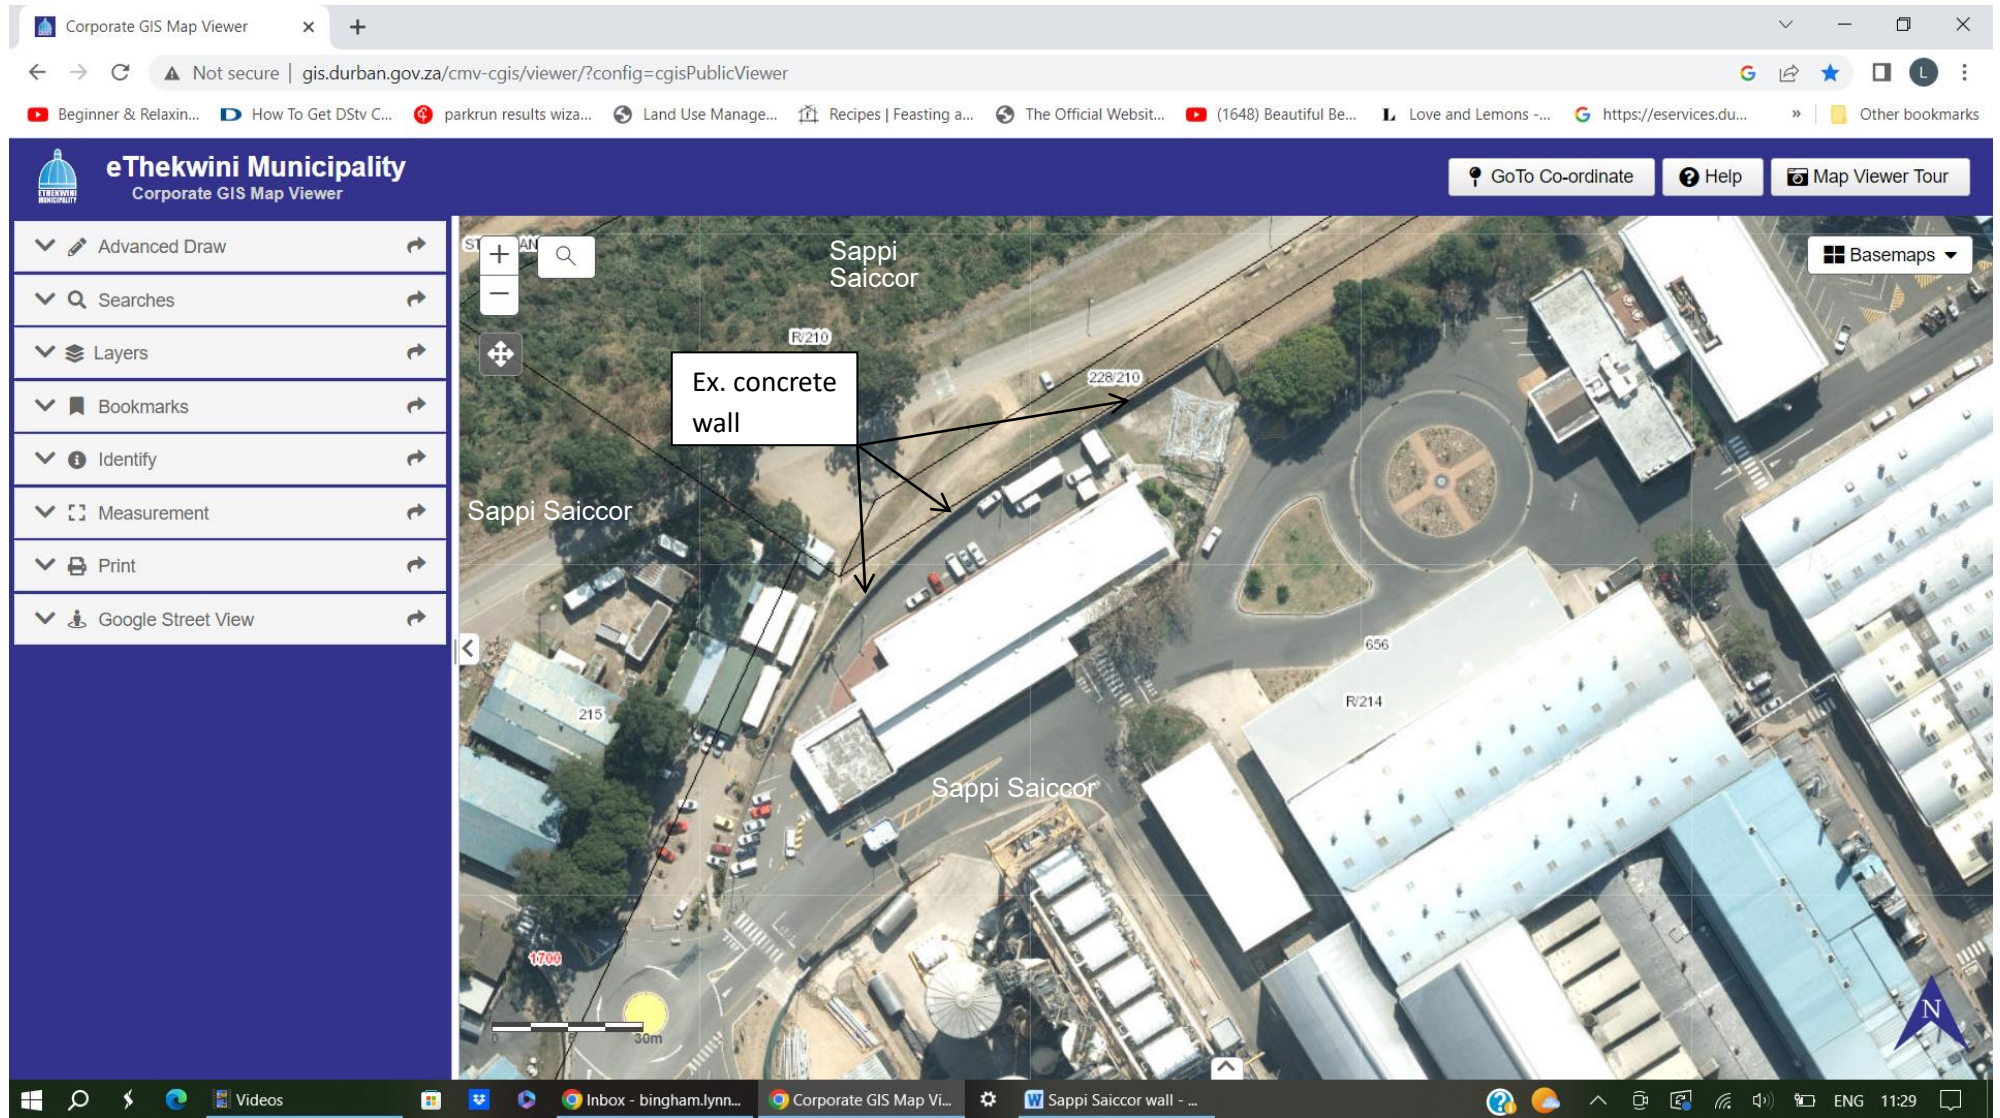

The screenshot displays the eThekweni Municipality Corporate GIS Map Viewer interface. The browser address bar shows the URL: [gis.durban.gov.za/cmv-cgis/viewer/?config=cgisPublicViewer](https://gis.durban.gov.za/cmv-cgis/viewer/?config=cgisPublicViewer). The page header includes the eThekweni Municipality logo and the text "Corporate GIS Map Viewer". Navigation tools include "GoTo Co-ordinate", "Help", and "Map Viewer Tour".

The map interface features a left-hand sidebar with the following menu items: Advanced Draw, Searches, Layers, Bookmarks, Identify, Measurement, Print, and Google Street View. The main map area shows a street network with several parcels highlighted in green. Four white callout boxes with black text and arrows point to these parcels, all stating "Owned by Sappi Saiccor". The map also shows a river, various street names (e.g., R197 Rte, OAK RD, JUNIPER RD), and a scale bar (0 to 0.2 km). The Windows taskbar at the bottom shows the system tray with the date and time: "ENG 11:25".

- Advanced Draw
- Searches
- Layers
- Bookmarks
- Identify
- Measurement
- Print
- Google Street View
