**MAMA AMINAH SAVED ME NO PROBLEM IS BIG FOR DR SEBI AND MAMA AMINAH**

My husband was CHEATING & wanted a DIVORCE it stressed me that I couldn't even concentrate at work. Lost my job, had no money & was sinking in debts. My family was falling apart then my son got a car accident because of witchcraft from that other woman. I saw a testimony in the news papers about DR SEBI AND MAMA AMINAH's work by Mrs Molefe from middleburg praising them for helping her fix her marriage and finances. I then contacted them immediately. After 2 days of starting to work on me my husband canceled the divorce suddenly and came back home. Dr and Maama gave me a MAGIC WALLET for money I got my job back and even got promoted. Now I started my business with my husband and my son got his accident fund paid out fast. DR and Maama also came and cleansed my home by removing all the witchcraft. We are protected and living a happy and successful life. So if you are out there struggling financially, losing money mysteriously, want your lover back, cursed with witchcraft, need help with court cases, need help with your marriage, need help with business please I recommend you contact Dr Sebi and Mama Aminah.

Kindly find attached the Background Information Document (BID) for the proposed Construction of the Soventix Unilever 3.6MWp Solar Photo-Voltaic Plant, Boksburg, City of Ekurhuleni Metropolitan Municipality, East Rand, Gauteng Province.

Please take the time to review the BID and register should you have an interest in or be affected by the proposed development.

We are in the process of identifying all potential interested and affected parties, and wish to include all organs of state which have jurisdiction in respect of the activity to which the application relates. One such method of achieving this is the 'Network' or 'Chain Referral System'. Please can you be so kind as to provide us with the name and contact details of the relevant person(s) with whom you recommend we should engage on matters of this nature.

**POPIA Consent.** Kindly be advised that should you receive unsolicited correspondence directly from us, and you are (i) an occupier, owner or person in control of the site where the activity is being undertaken, (ii) an owner, person in control or occupier of land adjacent to the site where the activity is being undertaken, (iii) the municipal councillor of a ward, (iv) any organization of ratepayers that represents the community, (v) a municipality, (vi) any organ of state having jurisdiction in respect of any aspect of the activity, or (vii) any other party as required by the competent authority, then we were required to give you notice in terms of EIA Regulation 41(2), and had to therefore derive your information, including name, contact details and address, from a public record. Alternatively, you may have been referred to us. If you are not an organ of state, did not submit written comments or attend meetings, did not request in writing for your name to be placed on the register, then we are not obligated in terms of EIA Regulation 42 to retain a record of your personal information in a register of interested and affected parties (I&APs), and as such, must obtain proof of consent provided by yourself. To this effect, kindly reply to us by email and confirm your consent as described below. Alternatively, you are welcome to request that we delete your information from our records (the register of I&APs). Thank you.

☐ I, in my capacity as the data subject, give consent to ecoleges, in its capacity as the responsible party, to process my personal information for purposes of pursuing its legitimate interests or those of a third party to whom the information is supplied, but limited to (1) the submission of notices relating to the application of the EA & GA, (2) transferring the same information to a third party, including registered I&APs, the competent authority and applicant or holder of the environmental authorisation, (3) submitting a copy of an appeal against a decision to grant or refuse environmental authorisation, and/or (4) submission of environmental audit reports (containing recommendations for amending the EMP) for comment.
