SAHRA

Dear Phillip

RE: PROPOSED DEMOLITION OF TWO SHORT SECTIONS OF STONE WALLING FOR THE PURPOSES OF CONSTRUCTING A ROAD ON STANDVASTIGHEID 210/REMAINDER, NORTHERN CAPE.

This cover letter is to note that the previous permit (Case 9660) with identical details to the present application lapsed without the project commencing. As such, we are applying for a new permit

A new aspect of the application, however, is that we will have the ends of the walls at the KSW2 cut stabilised with cement in order to prevent further degradation at those points. The new work will also act as a signal of the historical wall that used to cross at that point. At KSW3 the walls have already been broken down to ground level and the stone removed for reuse elsewhere. As such, no stabilisation will be effected there.

Yours sincerely

Jayson Orton
