AVAILABILITY OF THE DRAFT SCOPING REPORT FOR THE PROPOSED DEVELOPMENT OF THE PRASA MANUFACTURING PLANT ON PORTION 23 OF FARM GROOTFONTEIN 165 IR, EKURHULENI METROPOLITAN MUNICIPALITY, GAUTENG

The Passenger Rail Agency of South Africa (PRASA) intends to establish a manufacturing plant on Portion 23 of the Farm Grootfontein 165-IR in Dunnottar north of Nigel, within the Ekurhuleni Metropolitan Municipality (EMM) in Gauteng for the development of a factory for manufacturing new rolling stock of train carriages. The entire farm portion is approximately 295 hectares (ha) in extent; however the development footprint will be that of approximately 104.197 ha being used for the construction of the proposed manufacturing plant. The proposed development is to be called Dunnottar Extension 7.

GIBB Engineering and Architecture (GIBB) on behalf of PRASA have appointed Strategic Environmental Focus (Pty) Ltd (SEF) as an independent Environmental Assessment Practitioner (EAP) to facilitate the Environmental Authorisation process- Scoping and Environmental Impact Reporting (S&EIR) and Water Use Licence Application (WULA) processes.

In terms of Government Notice No. 544 (Listing Notice No. 1, Activities 9,11, 13, 22, 24, 26, and 47), Government Notice No. 545 (Listing Notice No.2, Activities 3,5,11,15 and 17) and Government Notice No. 546 (Listing No.3, Activities 3, 4, 10, 12, 13, 14, 16 and 19), the listed activities trigger both the Basic Assessment (BA) and the Scoping and Environmental Impact Reporting (S&EIR) processes, however, the S&EIR process will be followed in order to obtain Environmental Authorisation from the Department of Environmental Affairs (DEA) for the proposed project.

In terms of Section 21 (b), (c) and (i) of the National Water Act, 1998 (Act No. 36 of 1998), the proposed manufacturing plant also requires a Water Use License (WUL) which is granted by the Department of Water and Sanitation (DW&S).

Interested and affected parties (I&APs) have an opportunity to comment on the Draft Scoping Report by providing issues of concern and/or suggestions for enhanced benefits and/or alternatives and to ensure that the Department of Environmental Affairs (DEA) has sufficient information to make a decision.

*Herewith, please find included a **Soft Copy** of the Draft Scoping Report and associated Appendices for the above project for your review and comment from **Wednesday, 08 October 2014 to Monday, 17 November 2014***

The proposed development is to be called Dunnottar Extension 7.

GIBB Engineering and Architecture (GIBB) on behalf of PRASA have appointed Strategic Environmental Focus (Pty) Ltd (SEF) as an independent Environmental Assessment Practitioner (EAP) to facilitate the Environmental Authorisation process- Scoping and Environmental Impact Reporting (S&EIR) and Water Use Licence Application (WULA) processes.

In terms of Government Notice No. 544 (Listing Notice No. 1, Activities 9,11, 13, 22, 24, 26, and 47), Government Notice No. 545 (Listing Notice No.2, Activities 3,5,11,15 and 17) and Government Notice No. 546 (Listing No.3, Activities 3, 4, 10, 12, 13, 14, 16 and 19), the listed activities trigger both the Basic Assessment (BA) and the Scoping and Environmental Impact Reporting (S&EIR) processes, however, the S&EIR process will be followed in order to obtain Environmental Authorisation from the Department of Environmental Affairs (DEA) for the proposed project.

In terms of Section 21 (b), (c) and (i) of the National Water Act, 1998 (Act No. 36 of 1998), the proposed manufacturing plant also requires a Water Use License (WUL) which is granted by the Department of Water and Sanitation (DW&S).

Interested and affected parties (I&APs) have an opportunity to comment on the Draft Scoping Report by providing issues of concern and/or suggestions for enhanced benefits and/or alternatives and to ensure that the Department of Environmental Affairs (DEA) has sufficient information to make a decision.

*Herewith, please find included a **Soft Copy** of the Draft Scoping Report and associated Appendices for the above project for your review and comment from **Wednesday, 08 October 2014 to Monday, 17 November 2014***

AVAILABILITY OF THE DRAFT SCOPING REPORT FOR THE PROPOSED DEVELOPMENT OF THE PRASA MANUFACTURING PLANT ON PORTION 23 OF FARM GROOTFONTEIN 165 IR, EKURHULENI METROPOLITAN MUNICIPALITY, GAUTENG

The Passenger Rail Agency of South Africa (PRASA) intends to establish a manufacturing plant on Portion 23 of the Farm Grootfontein 165-IR in Dunnottar north of Nigel, within the Ekurhuleni Metropolitan Municipality (EMM) in Gauteng for the development of a factory for manufacturing new rolling stock of train carriages. The entire farm portion is approximately 295 hectares (ha) in extent; however the development footprint will be that of approximately 104.197 ha being used for the construction of the proposed manufacturing plant. The proposed development is to be called Dunnottar Extension 7.

GIBB Engineering and Architecture (GIBB) on behalf of PRASA have appointed Strategic Environmental Focus (Pty) Ltd (SEF) as an independent Environmental Assessment Practitioner (EAP) to facilitate the Environmental Authorisation process- Scoping and Environmental Impact Reporting (S&EIR) and Water Use Licence Application (WULA) processes.

In terms of Government Notice No. 544 (Listing Notice No. 1, Activities 9,11, 13, 22, 24, 26, and 47), Government Notice No. 545 (Listing Notice No.2, Activities 3,5,11,15 and 17) and Government Notice No. 546 (Listing No.3, Activities 3, 4, 10, 12, 13, 14, 16 and 19), the listed activities trigger both the Basic Assessment (BA) and the Scoping and Environmental Impact Reporting (S&EIR) processes, however, the S&EIR process will be followed in order to obtain Environmental Authorisation from the Department of Environmental Affairs (DEA) for the proposed project.

In terms of Section 21 (b), (c) and (i) of the National Water Act, 1998 (Act No. 36 of 1998) (NWA), the proposed manufacturing plant also requires a Water Use License (WUL) which is authorised by the Department of Water and Sanitation (DW&S).
