Mr Elijah Dumisani  
SAHRA Gauteng

Dear Elijah

This is to confirm that **Rodney Knight of Film Fixers** (Pty) LTD, Johannesburg, for Australian Channel 9 has been granted permission from the land owner, University of the Witwatersrand, to film in the tourist area on 01 September 2022 inside the Sterkfontein caves for a travel programme of South Africa. He and his team of twenty people will require supervised access in the cave for themselves and photographic equipment.

Yours faithfully
