Re: Request for storage of human material (and related artefacts) accidentally disturbed during the construction of Greater Mpofana Bulk Water Supply Scheme in Rossetta area within Mpofana Local Municipality of UMgungundlovu District in KwaZulu-Natal Province.

Amafa Permit Id: 2810

Attention: CEO

The above mentioned subject and the Permit, ID:2810, issued by Amafa bears reference:

We have liaised with the families of the human remains that were accidentally disturbed that since remains are protected in terms of the National Heritage Resources Act (Act 25 of 1999), they must be stored at Amafa premises until reburial. We therefore kindly request for the storage of these human remains at your premises until they are reburied.

For any clarifications or additional information, please do not hesitate to contact me. Your response will be great appreciated.

Yours faithfully,

Munyadziwa Magoma
