- c. Provide the I&APs with information regarding the proposed project;
- d. Provide an overview of the Basic Assessment Study and Public Participation Processes followed for the project;

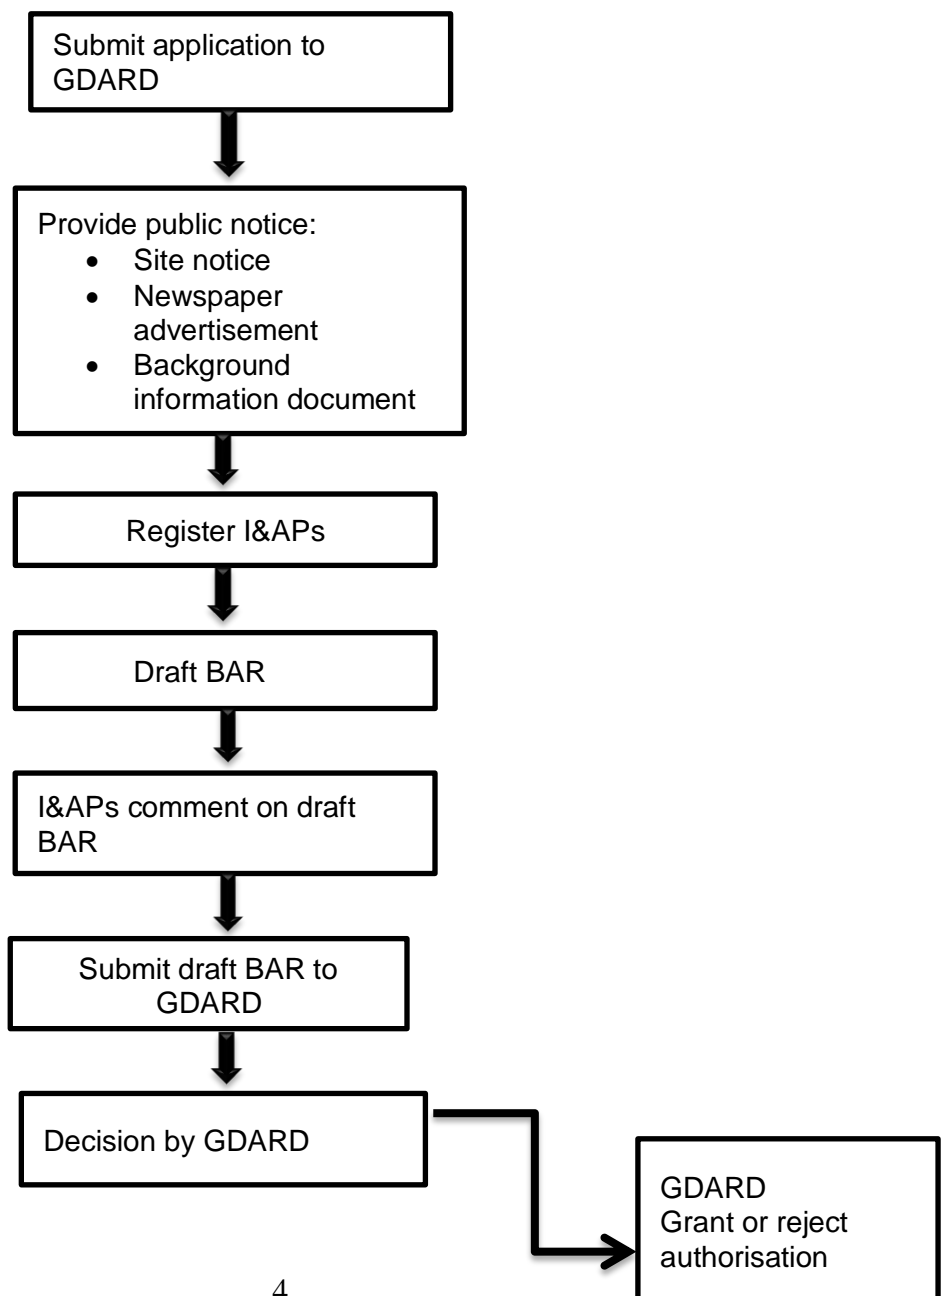

3.2. Interested and Affected Parties (I& APs)

A list of potential I&APs is compiled based on interest of the public as well as identifying authorities through phone calls and emails. This database will be updated on an going basis as more A&IPs register. I&APs were invited to register as stakeholders through Press advertisement placed in local newspaper as well as site notices displayed at the hotspot of the area, see the attached ANNEURE A.

The stakeholder for the proposed project includes;

- a. Department of Water and Sanitation, SAHRA, provincial and local authorities and land owner.
- b. Local community

Figure 1 below indicate how public participation feeds into the EAI process.

4. INFORMATION SHARING

4.1 .Background Information Document

The BID was provided to the I&APs with the basic information on the proposed project, the public participation and communication plan. It further provide the public with an opportunity to register as an I&APs, by completing a registration sheet provided with the BID. This ensures that the names and contact details for the new stakeholder were captured on the database, to ensure all stakeholders receive all project related information and invitation for future meetings.

4.2 BAR Draft

The draft document was placed with email address and contact for further communication and the commenting sheet and register in the local Police station.

4.3 Site Notices

Notices were place on the farm entrance and central place within the local area notifying the community about the BAR draft, proof of pictures in **Annexure A**.

4.4 No public meeting held.

4.5 Newspaper Advert (Comments)

All issues and responses from the I&APs after posting the newspaper are contained in **Appendix B** (No comment as yet).

4.6 Way forward

The Final BAR draft will be submitted to the client on the 26 February 2021 as projected date hopefully to have received some comment from I&APs. Comment from the client will be incorporated then the final draft will be submitted to GDARD.

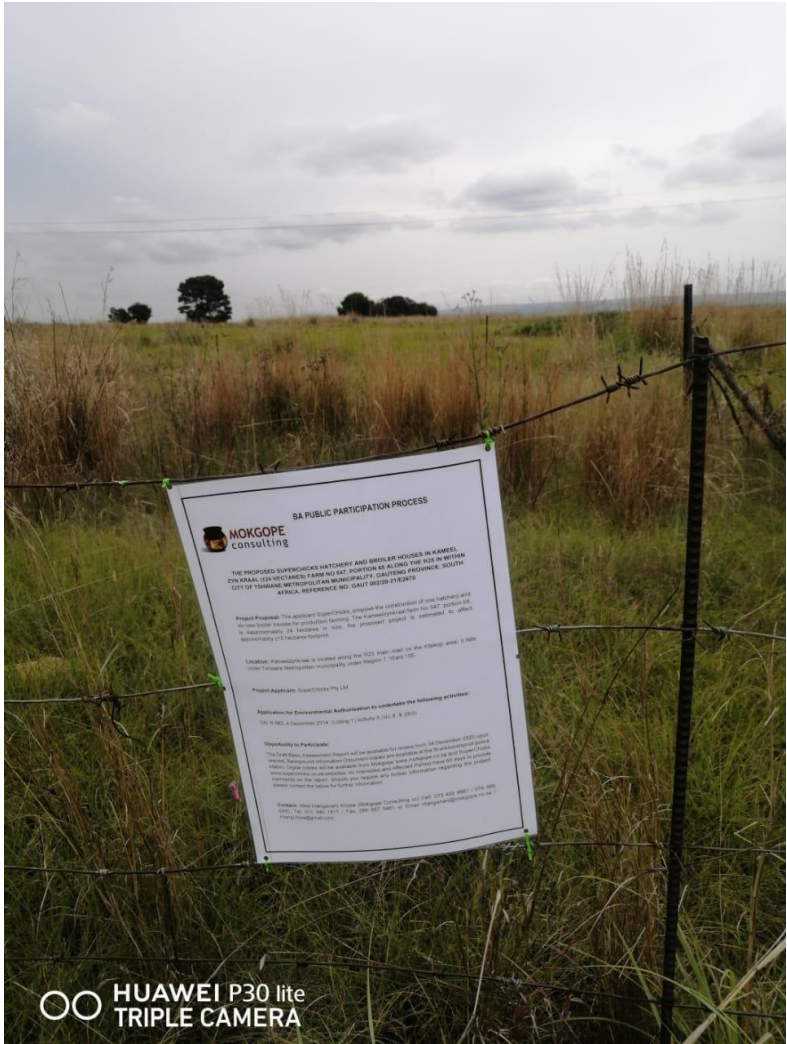

Letters will be distributed to all registered I&APs via email, letters and WhatsApp for their feedback responses and also to notify them of the availability of the Final BAR for public comment (21-day comment period) will be provided.

4.7 Stakeholders Database
