Dear Madam

REQUEST FOR YOUR COMMENT REGARDING THE REJECTION OF SANRAL'S APPLICATION TO THE DEPARTMENT OF ENVIRONMENTAL AFFAIRS (DEA): TOM SCHUTTE BRIDGE PROJECT- N5, FREE STATE PROVINCE

The abovementioned matter has reference.

Please find the attached letter for your perusal as discussed telephonically on 04/10/2013. I am requesting that you forward response to the DEA regarding the phase two report which the DEA has based their rejection on, I request that you ask them to capture what your require us to do before construction as a condition in the authorisation. The details of the contact person are on the attached letter.

Your urgent response will be much appreciated as the project is on hold due to the authorisation not being issued and this has cost implications on SANRAL as the contractor was already appointed and now charging for standing time.

Should you need any other information in relation to the matter please feel free to contact me.

Yours faithfully
