Dear Ragna and Ben

Herewith written confirmation from Transnet that the railway line belongs to the Fossil Park.

Please let me know if you need any other information from me.

With many thanks
Regards
Pippa

Dear Edwin

RE: WCFPT RAILWAY

Based on our telephonic conversation last week, can you confirm that the said railway line is indeed WCFPT Property.

With many thanks indeed for your kind assistance with this query.

Best regards

Pippa

Dear Edwin

Thank you for your email.

On the attached document I have highlighted the railway line in pink that I understand belongs to the West Coast Fossil Park Trust.

On behalf of the Trustees, I am exploring the option of having this line uplifted as it poses an ongoing risk to theft. I look forward to your response.

Kind regards

Pippa

Dear Pippa

The ownership of the lines you are referring to will have to be confirmed first. If your organisation is the owner of the lines in question then you can submit a formal letter indication your plans for the line and we will process the letter through an Enterprise Change Proposal (ECP). Railway safety regulator will be informed and the plans updated accordingly once the ECP is approved.

Please indicate on the image below which portion you are referring to here for us to confirm ownership.

Kind Regards

Hi Rudzani,

Attached email below from Fossilpark for your urgent attention please.

I've also attached my email of 23rd June 2020 as reference.

Thanks and please be safe.

Regards
Dave

Dear Dave

I am following up on my call to you on 2nd July.

South32 have established that the railway line belongs to the Fossil Park.

What we now need to know is how old the line is?

You mentioned that you could help us get this information – can you please?

It is rather urgent, so the sooner the better!
With many thanks indeed
Kind regards
Pippa

Dear Dave

RE: West Coast Fossil Park railway

Many thanks for taking my call today.
As I explained, we are having a challenging time with theft of metal and sleepers from this railway line in the Fossil Park.

If the Trustees decide it is better to remove the line, does Transnet have to be consulted?
If so, can you possibly assist with the correct channel of communication that we must follow?

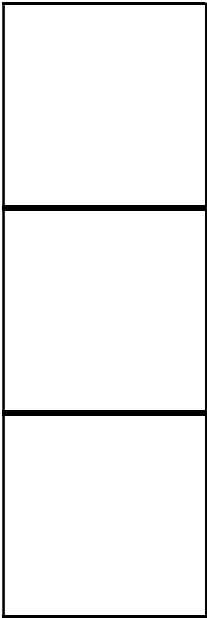

With many thanks
Kind regards
Pippa
