Language	Speaking	Reading	Writing
Xhosa	Excellent	Excellent	Excellent
English	Excellent	Excellent	Excellent

## 3 Employment

Period	Employing organization	Title/position (highest held)
March 2020 to Present	Digby Wells Environmental	Junior Environmental Consultant
February 2017 – February 2020	Terreco Environmental	Environmental Consultant
June 2014 – June 2015	Johannesburg City Parks and Zoos	Assistant Research Manager

## 4 Experience

As an assistant research manager, I engaged with a wide variety of people from different walks of life. The internship partnered between Johannesburg City Parks and Zoos and the University of the Witwatersrand was to evaluate the communities' perception of JCPZ's Urban Greening initiatives which included outdoor gyms, parks and zoos. I was involved in coordinating the field research programme for the team I worked with, conducting interviews with community members, collection and analysis of quantitative and qualitative data and report writing and compilation.

My environmental consulting experience has involved managing the permitting, and authorisation processes for developments and authoring numerous EIA reports. The projects I work on allow me to see through the Public Participation Process, incorporate multiple pieces of legislation for waste, water use, tree removal/disturbance and environmental authorisation, use field and desktop analysis methods such as GIS and site surveying as well as gain exposure to different types of developments in our everchanging spaces. I have also been registered to the South African Council for Natural Scientific Professions (SACNASP) as a Certificated Natural Scientist in the field of Environmental Sciences.

## 5 Project Experience

Client	Description	Role
Sinakho Consulting Engineers	Maintenance and Remedial Repairs at Buffalo Park Stadium in East London, Eastern Cape	Author of Environmental Specifications
Port St Johns Local Municipality	Upgrading of Residential Streets in Port St Johns, Eastern Cape	Author of Environmental Specifications
