PROPOSED DALYSHOPE PHASE 1 COAL MINE

LEDET NEMA Reference: 12/1/9/2-W40 and DEA NEM:WA Reference: 12/9/11/L/13175/5

Notification of Progress on Proposed Project

Dear Stakeholder,

Digby Wells Environmental (Digby Wells), on behalf of Anglo Operations (Pty) Limited (AOPL), gave notice of the availability of the Final Scoping Report (FSR) for the proposed Dalyshope Phase 1 Coal Mine, situated on the farms Klaarwater 231 LQ and Dalyshope 232 LQ in the Limpopo Province, approximately 60 kilometres west of Lephalale.

The FSR was made available for public comment from the 3rd of January until the 27th of January 2014. Subsequently, it was submitted to Limpopo Department of Economic Development, Environment and Tourism (LEDET) for approval to proceed with the Impact Assessment Phase. This approval was received on the 17th of March 2014.

This notice serves to inform you that commencement of the project has been put on hold whilst AOPL reviews various options for development of the resource. Further developments on the proposed project will be communicated to all stakeholders in due course.

For further information, stakeholders are welcome to contact Digby Wells by means of Telephone: (011) 789-9495 or Fax: (086) 583 5715; Email: gondile.monareng@digbywells.com or nestus.bredenhann@digbywells.com, or Postal address: Private Bag X10046, Randburg, 2125.

Yours sincerely

Nestus Bredenhann
