DOCUMENT TRANSMITTAL

BACKGROUND INFORMATION DOCUMENT (BID) & NOTIFICATION LETTERS AVAILABLE FOR PUBLIC REVIEW

NOTICE OF AN ENVIRONMENTAL IMPACT ASSESSMENT (EIA), WATER USE LICENSE APPLICATION AND BORROW PIT APPLICATION FOR THE PROPOSED NEW LEPHALALE RAILWAY YARD, AT STEENBOKPAN, LEPHALALE LOCAL MUNICIPALITY, WATERBERG DISTRICT, LIMPOPO PROVINCE

Notice is hereby given that the Transnet SOC Limited intends to apply for an Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA), and a Water Use License (WUL) in terms of the National Water Act 36 of 1998 (NWA), and a Mining Permit (Borrow Pit Application) for the development of its new Lephalale Railway Yard.

Herewith please find attached the following documents for your attention and display for the above mentioned project at the Lephalale Public Library:

- 5 x English Stakeholder Notification Letter
- 5 x English Background Information Document

Please ensure that at least one hard copy of the Stakeholder Notification Letter and Background Information Document remains on the premises and should not be removed before 29 August 2018. These documents are to remain available at the premises for the duration of 20 July to 29 August 2018.

A public notification has been issued in the Mogol Post on 20 July 2018 which notifies the public of the availability of the Background Information Document at the Lephalale Public Library. Please ensure that the documents are available to the public to review.

Sincerely,

Marissa Botha (*Pr.Sci.Nat*)

NOTICE OF AN ENVIRONMENTAL IMPACT ASSESSMENT (EIA), WATER USE LICENSE APPLICATION AND BORROW PIT APPLICATION FOR THE PROPOSED NEW LEPHALALE RAILWAY YARD, AT STEENBOKPAN, LEPHALALE LOCAL MUNICIPALITY, WATERBERG DISTRICT, LIMPOPO PROVINCE

Notice is hereby given that the Transnet SOC Limited intends to apply for an Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA), and a Water Use License (WUL) in terms of the National Water Act 36 of 1998 (NWA), and a Mining Permit (Borrow Pit Application) for the development of its new Lephalale Railway Yard.

Transnet intends to develop a new railway yard along the existing single track Thabazimbi-Lephalale railway line on Portion 1 (remaining extent) of the farm Geelhoutkloof 359LQ, Remainder of the farm Geelhoutkloof 359LQ, Enkeldraai 314LQ and Kringgatspruit 318LQ (now Pontes Estates 712LQ). Two borrow pits will also be established Borrow area 1 will be located on the farm Buffelsjagt 317LQ and Borrow area 2 will be located on the farm Kringgatspruit 318LQ (now Pontes Estates 712LQ). The study site is situated approximately 30km west of Lephalale town (Ellisras) in the game farming area of Steenbokpan. It falls within the jurisdiction of Lephalale Local Municipality in the Waterberg District of Limpopo Province.

The proposal requires the next authorisations before it can be commissioned:

- Environmental Authorisation under the provisions of the National Environmental Management Act 107 of 1998 and its promulgated EIA Regulations of 2014 which is to be obtained from the National Department of Environmental Affairs (DEA);
- A Water Use License (WUL) for Section 21 triggered water uses under the National Water Act 36 of 1998 (NWA) from the Department of Water and Sanitation (DWS);
- A Mining Permit for establishment of Borrow Pits in terms of Section 27 of the Mineral and Petroleum Resources Development Act 28 of 2002 and Environmental Authorisation in terms of NEMA EIA Regulations of 2014 from the Department of Mineral Resources (DMR).

Naledzi Environmental Consultants CC has been appointed as the independent environmental assessment practitioners to obtain the relevant authorisations and facilitate the EIA Study. The Environmental Authorisation application is subject to a Full Scoping and Environmental Impact Assessment (EIA) Process which would be integrated with a Water Use License Application (WULA) procedure and Borrow Pit Application. The applications are subject to public participation and we are required to inform Interested and Affected Parties (I&APs) about the project to solicit their views, comments and recommendations on the applications.

This letter serves as notification of the development and we draw your attention to the following:

- An invitation to register as an Interested and Affected Party (I&AP)
- The availability of a Background Information Document (BID) for comment

Register as an I&AP

You are hereby invited to register as an I&AP on the project and to participate in the process by completing the enclosed Comments and Registration Form sheet included with the attached BID.

Background Information Document (BID) available for public review

The enclosed BID provides an overview of the EIA Process, WUL Procedure and Borrow Pit Application and invites I&APs to participate and register on the process. A period of 30 day from **23 July 2018 until 28 August 2018** is provided to review the BID and submit comments and concerns regarding the applications.

The BID and associated Comment and Registration Form, are available for public comment on the Naledzi website at www.naledzi.co.za. Copies of the BID are also available at the following public venues:

- Lephalale Public Library at c/o Joe Slovo & Doewater Streets, Lephalale. Contact the Chief Librarian Johanna Ndweni (014) 762 1453;
- Marapong Public Library at 916 Phukubye Street, Marapong, Lephalale. Contact the Librarian Mr Sophonia Petje at 073 210 8954

If you wish to comment on the BID, you can:

- complete the enclosed Comment and Registration Form and submit it to the contact person at the below given details;
- submit your name, contact information and interest telephonically; and or
- submit written comment by email or fax within the provided public registration and review period.

Please submit your name, contact information and interest in the matter to Ms. Marissa Botha / Aluwani Nembahe at the following details; Tel: 015 296 3988 / 084 226 5584 or send us your comments by email to botham@naledzi.co.za / aluwani@naledzi.co.za or either by fax number to 015 296 4021 within the stipulated timeframe.

What's next?

The public participation process for the applications will be undertaken in three phases.

1. The first phase of consultation provides I&APs with an opportunity to review the Background Information Document (BID) and to comment on the process. Once the review period lapses on the BID, comments and issues received during the public registration and review period would be recorded in an Issues and Response Report (IRR) and responded to.
2. During the second phase of consultation we will prepare a draft Scoping Report (DSR). The DSR will be made available for public review for 30 calendar days at public venues and on the Naledzi website. A public meeting will also be scheduled in the project area to facilitate comments. These details will however still be communicated to I&APs at a later stage.
3. During the third phase of consultation we will prepare a draft Environmental Impact Report (EIR) and Environmental Management Programme (EMPR). The DEIR & EMPR would also be made available for public review for 30 calendar days at public venues and on the Naledzi website. A public meeting will again be scheduled in the project area, at the same public venue as the second round, to facilitate comments. These details will be communicated to I&APs at a later stage.

Thank you for your participation.

Regards,

Marissa Botha (Pr.Sci.Nat)

NOTICE OF AN ENVIRONMENTAL IMPACT ASSESSMENT (EIA), WATER USE LICENSE APPLICATION AND BORROW PIT APPLICATION FOR THE PROPOSED NEW LEPHALALE RAILWAY YARD, AT STEENBOKPAN, LEPHALALE LOCAL MUNICIPALITY, WATERBERG DISTRICT, LIMPOPO PROVINCE

Notice is hereby given that the Transnet SOC Limited intends to apply for an Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA), and a Water Use License (WUL) in terms of the National Water Act 36 of 1998 (NWA), and a Mining Permit (Borrow Pit Application) for the development of its new Lephallale Railway Yard.

Transnet intends to develop a new railway yard along the existing single track Thabazimbi-Lephallale railway line on Portion 1 (remaining extent) of the farm Geelhoutkloof 359LQ, Remainder of the farm Geelhoutkloof 359LQ, Enkeldraai 314LQ and Kringgatspruit 318LQ (now Pontes Estates 712LQ). Two borrow pits will also be established Borrow area 1 will be located on the farm Buffelsjagt 317LQ and Borrow area 2 will be located on the farm Kringgatspruit 318LQ (now Pontes Estates 712LQ). The study site is situated approximately 30km west of Lephallale town (Ellisras) in the game farming area of Steenbokpan. It falls within the jurisdiction of Lephallale Local Municipality in the Waterberg District of Limpopo Province.

The proposal requires the next authorisations before it can be commissioned:

- Environmental Authorisation under the provisions of the National Environmental Management Act 107 of 1998 and its promulgated EIA Regulations of 2014 which is to be obtained from the National Department of Environmental Affairs (DEA);
- A Water Use License (WUL) for Section 21 triggered water uses under the National Water Act 36 of 1998 (NWA) from the Department of Water and Sanitation (DWS);
- A Mining Permit for establishment of Borrow Pits in terms of Section 27 of the Mineral and Petroleum Resources Development Act 28 of 2002 and Environmental Authorisation in terms of NEMA EIA Regulations of 2014 from the Department of Mineral Resources (DMR).

Naledzi Environmental Consultants CC has been appointed as the independent environmental assessment practitioners to obtain the relevant authorisations and facilitate the EIA Study. The Environmental Authorisation application is subject to a Full Scoping and Environmental Impact Assessment (EIA) Process which would be integrated with a Water Use License Application (WULA) procedure and Borrow Pit Application. The applications are subject to public participation and we are required to inform Interested and Affected Parties (I&APs) about the project to solicit their views, comments and recommendations on the applications.

This letter serves as notification of the development and we draw your attention to the following:

- An invitation to register as an Interested and Affected Party (I&AP)
- The availability of a Background Information Document (BID) for comment

Register as an I&AP

You are hereby invited to register as an I&AP on the project and to participate in the process by completing the enclosed Comments and Registration Form sheet included with the attached BID.

Background Information Document (BID) available for public review

The enclosed BID provides an overview of the EIA Process, WUL Procedure and Borrow Pit Application and invites I&APs to participate and register on the process. A period of 30 day from **23 July 2018 until 28 August 2018** is provided to review the BID and submit comments and concerns regarding the applications.

The BID and associated Comment and Registration Form, are available for public comment on the Naledzi website at www.naledzi.co.za. Copies of the BID are also available at the following public venues:

- Lephalale Public Library at c/o Joe Slovo & Doewater Streets, Lephalale. Contact the Chief Librarian Johanna Ndoweni (014) 762 1453;
- Marapong Public Library at 916 Phukubye Street, Marapong, Lephalale. Contact the Librarian Mr Sophonia Petje at 073 210 8954

If you wish to comment on the BID, you can:

- complete the enclosed Comment and Registration Form and submit it to the contact person at the below given details;
- submit your name, contact information and interest telephonically; and or
- submit written comment by email or fax within the provided public registration and review period.

Please submit your name, contact information and interest in the matter to Ms. Marissa Botha / Aluwani Nembahe at the following details; Tel: 015 296 3988 / 084 226 5584 or send us your comments by email to botham@naledzi.co.za / aluwani@naledzi.co.za or either by fax number to 015 296 4021 within the stipulated timeframe.

What's next?

The public participation process for the applications will be undertaken in three phases.

1. The first phase of consultation provides I&APs with an opportunity to review the Background Information Document (BID) and to comment on the process. Once the review period lapses on the BID, comments and issues received during the public registration and review period would be recorded in an Issues and Response Report (IRR) and responded to.
2. During the second phase of consultation we will prepare a draft Scoping Report (DSR). The DSR will be made available for public review for 30 calendar days at public venues and on the Naledzi website. A public meeting will also be scheduled in the project area to facilitate comments. These details will however still be communicated to I&APs at a later stage.
3. During the third phase of consultation we will prepare a draft Environmental Impact Report (EIR) and Environmental Management Programme (EMPR). The DEIR & EMPR would also be made available for public review for 30 calendar days at public venues and on the Naledzi website. A public meeting will again be scheduled in the project

area, at the same public venue as the second round, to facilitate comments. These details will be communicated to I&APs at a later stage.

Thank you for your participation.

NOTICE OF AN ENVIRONMENTAL IMPACT ASSESSMENT (EIA), WATER USE LICENSE APPLICATION AND BORROW PIT APPLICATION FOR THE PROPOSED NEW LEPHALALE RAILWAY YARD, AT STEENBOKPAN, LEPHALALE LOCAL MUNICIPALITY, WATERBERG DISTRICT, LIMPOPO PROVINCE

Notice is hereby given that the Transnet SOC Limited intends to apply for an Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA), and a Water Use License (WUL) in terms of the National Water Act 36 of 1998 (NWA), and a Mining Permit (Borrow Pit Application) for the development of its new Lephalale Railway Yard.

Transnet intends to develop a new railway yard along the existing single track Thabazimbi-Lephalale railway line on Portion 1 (remaining extent) of the farm Geelhoutkloof 359LQ, Remainder of the farm Geelhoutkloof 359LQ, Enkeldraai 314LQ and Kringgatspruit 318LQ (now Pontes Estates 712LQ). Two borrow pits will also be established Borrow area 1 will be located on the farm Buffelsjagt 317LQ and Borrow area 2 will be located on the farm Kringgatspruit 318LQ (now Pontes Estates 712LQ). The study site is situated approximately 30km west of Lephalale town (Ellisras) in the game farming area of Steenbokpan. It falls within the jurisdiction of Lephalale Local Municipality in the Waterberg District of Limpopo Province.

The proposal requires the next authorisations before it can be commissioned:

- Environmental Authorisation under the provisions of the National Environmental Management Act 107 of 1998 and its promulgated EIA Regulations of 2014 which is to be obtained from the National Department of Environmental Affairs (DEA);
- A Water Use License (WUL) for Section 21 triggered water uses under the National Water Act 36 of 1998 (NWA) from the Department of Water and Sanitation (DWS);
- A Mining Permit for establishment of Borrow Pits in terms of Section 27 of the Mineral and Petroleum Resources Development Act 28 of 2002 and Environmental Authorisation in terms of NEMA EIA Regulations of 2014 from the Department of Mineral Resources (DMR).

Naledzi Environmental Consultants CC has been appointed as the independent environmental assessment practitioners to obtain the relevant authorisations and facilitate the EIA Study. The Environmental Authorisation application is subject to a Full Scoping and Environmental Impact Assessment (EIA) Process which would be integrated with a Water Use License Application (WULA) procedure and Borrow Pit Application. The applications are subject to public participation and we are required to inform Interested and Affected Parties (I&APs) about the project to solicit their views, comments and recommendations on the applications.

This letter serves as notification of the development and we draw your attention to the following:

- An invitation to register as an Interested and Affected Party (I&AP)
- The availability of a Background Information Document (BID) for comment

Register as an I&AP

You are hereby invited to register as an I&AP on the project and to participate in the process by completing the enclosed Comments and Registration Form sheet included with the attached BID.

Background Information Document (BID) available for public review

The enclosed BID provides an overview of the EIA Process, WUL Procedure and Borrow Pit Application and invites I&APs to participate and register on the process. A period of 30 day from **23 July 2018 until 28 August 2018** is provided to review the BID and submit comments and concerns regarding the applications.

The BID and associated Comment and Registration Form, are available for public comment on the Naledzi website at www.naledzi.co.za. Copies of the BID are also available at the following public venues:

- Lephalale Public Library at c/o Joe Slovo & Doewater Streets, Lephalale. Contact the Chief Librarian Johanna Ndoweni (014) 762 1453;
- Marapong Public Library at 916 Phukubye Street, Marapong, Lephalale. Contact the Librarian Mr Sophonia Petje at 073 210 8954

If you wish to comment on the BID, you can:

- complete the enclosed Comment and Registration Form and submit it to the contact person at the below given details;
- submit your name, contact information and interest telephonically; and or
- submit written comment by email or fax within the provided public registration and review period.

Please submit your name, contact information and interest in the matter to Ms. Marissa Botha / Aluwani Nembahe at the following details; Tel: 015 296 3988 / 084 226 5584 or send us your comments by email to botham@naledzi.co.za / aluwani@naledzi.co.za or either by fax number to 015 296 4021 within the stipulated timeframe.

What's next?

The public participation process for the applications will be undertaken in three phases.

1. The first phase of consultation provides I&APs with an opportunity to review the Background Information Document (BID) and to comment on the process. Once the review period lapses on the BID, comments and issues received during the public registration and review period would be recorded in an Issues and Response Report (IRR) and responded to.
2. During the second phase of consultation we will prepare a draft Scoping Report (DSR). The DSR will be made available for public review for 30 calendar days at public venues and on the Naledzi website. A public meeting will also be scheduled in the project area to facilitate comments. These details will however still be communicated to I&APs at a later stage.
3. During the third phase of consultation we will prepare a draft Environmental Impact Report (EIR) and Environmental Management Programme (EMPR). The DEIR & EMPR would also be made available for public review for 30 calendar days at public venues and on the Naledzi website. A public meeting will again be scheduled in the project

area, at the same public venue as the second round, to facilitate comments. These details will be communicated to I&APs at a later stage.

Thank you for your participation.

Regards,

A handwritten signature in black ink, appearing to read 'M Botha', with a long horizontal flourish extending to the right.

Proposed Lephalale Railway Yard

2 reads

CaseHeader	LocationInfo	Admin								
<p>ProposalDescription: Proposed Lephalale Railway Yard, Steenbokpan, Lephalale Local Municipality, Waterberg District Municipality of Limpopo Province</p> <p>Expanded_Motivation: The Waterberg complex is regarded as a strategic growth node for various activities within the Mining and Industrial sectors. Adequate rail infrastructure capacity is deemed critical to unlock the potential of this economic hub which necessitates a review of the required capacity to support the forecast growth of various commodities, of which coal potentially is dominant. The Works at Lephalale yard forms part of the endeavour to increase capacity. The scope of the project includes the development of a new railway yard south west of Lephalale along the existing single track Lephalale-Thabazimbi railway line. The development of the new railway yard would allow more trains to enter and exit Lephalale. The development of the Lephalale Railway Yard goes beyond Transnet servitude therefore requires approximately 22 hectares of land to be acquired. The main function of the yard would be to switch crew, service and maintain diesel locomotives. The facilities to be developed would mainly comprise three buildings namely an office building, administration building and maintenance & repair building and 4 service tracks. The tracks would be developed as follows: Southern section (Phase 1) of the track development would include: <input type="checkbox"/> Bypass line <input type="checkbox"/> Decanting arrival/departure line <input type="checkbox"/> Departure line Northern section (Phase 2) of the track development would include: <input type="checkbox"/> An arrival line <input type="checkbox"/> Run around line <input type="checkbox"/> Spare lines The more detailed types of facilities and infrastructure to be developed as part of the yard would include: • The construction of new railway lines of 4.8km (Phase 1= 4.8km and Phase 2 = 3.7km) • Construction and extension of culverts • Infra Crew Building • Guard Houses • Staff amenities • Provisional facilities • Fire suppression systems which require a foam storage tank, water storage tank and foam pipelines; • Roads and carports • Sanding Facilities (for sandbox container on locomotives-traction improvement); • Effluent management (water/oil separator) • (X2) 300 000 litres diesel tanks and decanting slabs – There shall be four (4) rail decanting points and one road decanting point provided all at one location. The fuel storage volume is 600 000 litres. The pump rooms for decanting and refuelling shall be ventilated and contain fire protection as per the SANS requirements; o 12 x 12 500 litre conservancy tanks will be used at various facilities o 1 x 500 litre diesel tanker in the fire pump room, and • 6720 litres of oil storage (32 drums of oil) • Water Reservoir The development of the Lephalale yard will be implemented in two phases. Phase 1 would require Transnet to build a bypass line towards the south of the existing railway line. This would enable an alternative route for trains whilst Transnet is building the new tracks. Phase 2 would include building the additional railway tracks, the bulk earthworks and building the facilities. The new railway yard will also include construction of a 7 metre wide tarred access road to the facilities which would end at the furthest facility on the west, the locomotive service area. Lights would also be fitted along the site. A service road will also be required north of the existing railway line, it is however not clear if it would be located within the existing rail servitude or if it would require further private land. The railway development will also require two borrow pit areas in proximity to the new yard. The relevant applications and subject reporting would be submitted to the Department of Mineral Resources. Project Location The proposed Lephalale Railway Yard would be developed on Portions 1 (remaining extent) and Remainder of the farm Geelhoutkloof 359LQ, farm Enkeldraai 314LQ, Kringatspruit 318LQ (now Pontes Estates 712LQ). The study area is situated approximately 30km west of Lephalale Town (Ellisras) on the single railway line between Thabazimbi to Lephalale, in the rural area of Steenbokpan. It falls within the jurisdiction of Lephalale Local Municipality in the Waterberg District of Limpopo Province.</p> <p>ApplicationDate: Sunday, July 22, 2018 - 02:15 CaseID: 12732 Applicants: Transnet SOC Consultants/Experts: Marissa Botha OtherReferences:</p> <table border="1"> <thead> <tr> <th>Dept</th> <th>CaseReference</th> <th>DueDate</th> <th>FinalDecision</th> </tr> </thead> <tbody> <tr> <td>DEA</td> <td></td> <td>28/08/2018</td> <td></td> </tr> </tbody> </table> <p>ReferenceList:</p>			Dept	CaseReference	DueDate	FinalDecision	DEA		28/08/2018

Importance: High

Attachments: BID - Lephalale Railway Yard.pdf (2 MB) ; Stakeholder Letter.pdf (329 KB)

Good day Wayne and Jacques,

Our telephonic discussion this morning refers.

Naledzi Environmental Consultants have been appointed by Transnet to conduct and EIA Study for the development of its new Lephalale Railway Yard. Please refer to the email below and attached Background Information Document(BID) as notification of the project.

As indicated there was an initial public registration and comment period on the project which lapsed on 28 August 2018 (as per below email). Yet additional opportunity will now be provided for interested and affected parties (I&APs) to become involved in the public participation process with the opportunity to review and comment on the project Scoping Report. The Scoping Report forms part of the 1st phase of the EIA Study during which we will gather information and scope the issues on which we need to focus our Environmental Impact Assessment Study on.

The Scoping Report will be available for public review and comment between October to November 2018. More importantly we will host public hearings in the project area during the review period to allow the public an opportunity to gain an understanding of the project, raise any comments/issues which will record and incorporate into our Scoping Report for the project.

The details of the availability of the Scoping Report and proposed public engagements will be communicated to the stakeholders in due course.

For now we would like to bring the project to your attention and provide you the opportunity to receive the BID for the project. We have automatically registered the Lephalale Business Chamber and Lephalale Development Forum on our project database. You would be receiving all the project information and notifications from this point forward.

Kind regards,

Marissa Botha (Pr.Sci.Nat)

Dear Interested and Affected Party

Notice is hereby given that the Transnet SOC Limited intends to apply for an Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA), and a Water Use License (WUL) in terms of the National Water Act 36 of 1998 (NWA), and a Mining Permit (Borrow Pit Application) for the development of its new Lephalale Railway Yard. The study site is situated approximately 30km west of Lephalale town (Ellisras) in

the game farming area of Steenbokpan. It falls within the jurisdiction of Lephalale Local Municipality in the Waterberg District of Limpopo Province.

Naledzi Environmental Consultants CC has been appointed as the independent environmental assessment practitioners to obtain the relevant authorisations and facilitate the EIA Study. The applications are subject to public participation.

This letter serves as notification of the development and we draw your attention to the following:

- An invitation to register as an Interested and Affected Party (I&AP) (See attached Stakeholder Notification letter)
- The availability of a Background Information Document (BID) for comment (See attached BID document)

The enclosed BID provides an overview of the EIA Process, WUL Procedure and Borrow Pit Application and invites I&APs to participate and register on the process. A period of 30 day from **23 July 2018 until 28 August 2018** is provided to review the BID and submit comments and concerns regarding the applications.

The documents area also available from the Naledzi website at www.naledzi.co.za. Copies of the BID are also available at the following public venues:

- Lephalale Public Library at c/o Joe Slovo & Doewater Streets, Lephalale. Contact the Chief Librarian Johanna Ndweni (014) 762 1453;
- Marapong Public Library at 916 Phukubye Street, Marapong, Lephalale. Contact the Librarian Mr Sophonia Petje at 073 210 8954

If you wish to comment on the BID, you can:

- complete the enclosed Comment and Registration Form and submit it to the contact person at the below given details;
- submit your name, contact information and interest telephonically; and or
- submit written comment by email or fax within the provided public registration and review period, no later than 28 August 2018. (details enclosed in the BID)

Please do not hesitate to contact our office if you have any inquiries.

Dear Interested and Affected Party

Notice is hereby given that the Transnet SOC Limited intends to apply for an Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA), and a Water Use License (WUL) in terms of the National Water Act 36 of 1998 (NWA), and a Mining Permit (Borrow Pit Application) for the development of its new Lephalale Railway Yard. The study site is situated approximately 30km west of Lephalale town (Ellisras) in the game farming area of Steenbokpan. It falls within the jurisdiction of Lephalale Local Municipality in the Waterberg District of Limpopo Province.

Naledzi Environmental Consultants CC has been appointed as the independent environmental assessment practitioners to obtain the relevant authorisations and facilitate the EIA Study. The applications are subject to public participation.

This letter serves as notification of the development and we draw your attention to the following:

- An invitation to register as an Interested and Affected Party (I&AP) (See attached Stakeholder Notification letter)
- The availability of a Background Information Document (BID) for comment (See attached BID document)

The enclosed BID provides an overview of the EIA Process, WUL Procedure and Borrow Pit Application and invites I&APs to participate and register on the process. A period of 30 day from **23 July 2018 until 28 August 2018** is provided to review the BID and submit comments and concerns regarding the applications.

The documents area also available from the Naledzi website at www.naledzi.co.za. Copies of the BID are also available at the following public venues:

- Lephalale Public Library at c/o Joe Slovo & Doewater Streets, Lephalale. Contact the Chief Librarian Johanna Ndweni (014) 762 1453;
- Marapong Public Library at 916 Phukubye Street, Marapong, Lephalale. Contact the Librarian Mr Sophonia Petje at 073 210 8954

If you wish to comment on the BID, you can:

- complete the enclosed Comment and Registration Form and submit it to the contact person at the below given details;
- submit your name, contact information and interest telephonically; and or
- submit written comment by email or fax within the provided public registration and review period, no later than 28 August 2018. (details enclosed in the BID)

Please do not hesitate to contact our office if you have any inquiries.

Regards,

Marissa Botha (Pr.Sci.Nat)
