**Subject:** RE: West Coast Fossil Park railway

Dear Pippa

The ownership of the lines you are referring to will have to be confirmed first. If your organisation is the owner of the lines in question then you can submit a formal letter indication your plans for the line and we will process the letter through an Enterprise Change Proposal (ECP). Railway safety regulator will be informed and the plans updated accordingly once the ECP is approved.

Please indicate on the image below which portion you are referring to here for us to confirm ownership.

Kind Regards

**Edwin Ngobeneni**

Depot Engineer  
Rail Network - Bellville
