Re: Wadeville Gas Pipeline, Exemption From A Heritage Impact Study

Dear Sir

The above matter refers.

I hereby confirm that I am a director of both Energy Group (Pty) Ltd, the company in which the exemption currently lies, and Phambili Gas (Pty) Ltd, the company we wish to transfer the exemption to.

The motivation for this is as follows. Energy Group is developing the pipeline project in Wadeville, whilst Phambili Gas, an SPV set up specifically for the project, will own the assets. The SPV was not in existence at the time of application and thus we applied through Energy Group. We request that the exemption be transferred into the custody of Phambili Gas (Pty) Ltd, reg No 2018/461852/07.

If you have any queries kindly contact me on 072 265 0687.

Kind regards,

Carlo Amedeo Buonajuti

Director
