ENVIRONMENTAL AUTHORISATION PROCESS

The EIA Regulatory process provides information on the project and environment in which it is being undertaken; identifies, in consultation with interested and/or affected parties (I&APs), the potential negative as well as positive impacts of the proposed project; and reports on management measures required to mitigate impacts to an acceptable level. The likely process steps and timeframes are provided below. The steps outlined in the environmental authorisation process below are in accordance with the EIA Regulations, 2014, as amended. I&APs and other stakeholders registered on the project's database will receive notification of public meetings and report review periods in advance.

STEPS IN THE ENVIRONMENTAL AUTHORISATION PROCESS	
PHASE I - Pre-application phase (February 2018 to April 2018)	
•	Pre-application meeting with the DMR;
•	Notify other commenting authorities and I&APs of project and environmental impact assessment (via social scan, newspaper and radio advertisements, site notices and this document); and
•	Scoping public meeting(s) with regulatory authorities and I&APs.
PHASE II – Scoping phase (April 2018 to July 2018)	
•	Submission of NEMA and NEM:WA and mining right application to the DMR;
•	Compile Scoping Report and submit to the DMR, I&APs and other commenting authorities for review;
•	Public review of Scoping Report (30 days);
•	Update the Scoping Report with any comments received during the review period;
•	Submit updated Scoping Report to the DMR;
•	Review of the Scoping Report by the DMR (43 days); and
•	DMR either accepts the Scoping Report or refuses the environmental authorisation.
PHASE III – EIA and EMPr phase (July 2018 to February 2019)	
•	Complete specialist studies;
•	Compile EIA and EMPr and submit to DMR, I&APs and other commenting authorities for review;
•	Public review of EIA and EMPr (30 days);
•	Update the EIA and EMPr report with any comments received during the review period;
•	Submit updated EIA and EMPr to the DMR;
•	Review of the EIA and EMPr by the DMR (107 days); and
•	Circulate decision to I&APs registered on the project database.
PHASE IV – Water Use Licence Application phase (March 2019 to June 2019)	
•	Compile water use licence application and submit to the Department of Water and Sanitation
