

UPDATE ON PUBLIC PARTICIPATION PROCESS FOR WEST WITS MINING PROJECT
APPLICATIONS FOR ENVIRONMENTAL AUTHORISATION, WASTE MANAGEMENT LICENCE AND WATER USE LICENCE
IN SUPPORT OF AN APPLICATION FOR A MINING RIGHT AND MINING PERMITS FOR THE WEST WITS PROJECT
GAUTENG PROVINCE

West Wits Mining MLI (Proprietary) Limited (West Wits) intends to apply for a mining right and mining permits in terms of the Mineral and Petroleum Resources Development Act (MPRDA) (No. 28 of 2002) for gold, uranium and silver over their current prospecting right area (GP 30/5/1/1/2/10035 PR). Sandstone and aggregate has subsequently been excluded from the application due to existing rights holders for these minerals. Consent in terms of Section 11(2) of the MPRDA to cede a renewed prospecting right MPT No. 29/2016 from Mintails SA Soweto Cluster (Proprietary) Limited to West Wits was granted by the Department of Mineral Resources (DMR) in 2018.

The West Wits ('the project') Mining Right Application will include a Mining Work Programme as well as a Social and Labour Plan in addition to the integrated Environmental Authorisation application. SLR Consulting (South Africa) (Pty) Ltd (SLR) has been appointed as the EAP responsible for undertaking the required environmental regulatory processes and conducting public participation for the mining right application process.
