

NOTIFICATION OF BASIC ASSESSMENT PROCESS  
AND PUBLIC PARTICIPATION PROCESS

Sent to all Organs of State and Key Stakeholders on project database

27 March 2019

Dear Stakeholder,

**BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS**

**GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQUA WIND FARM, KLEINSEE, NORTHERN CAPE PROVINCE**

---

**NOTICE OF BASIC ASSESSMENT PROCESS**

---

Genesis Zonnequa Wind (Pty) Ltd received EA for the Zonnequa Wind Farm (DEA.Ref.No.: 14/12/16/3/3/1/1971) also on 18 February 2019. The approved wind farm is located within the Springbok Renewable Energy Development Zone (REDZ), approximately 20 km south-east of the town of Kleinsee in the Northern Cape. In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

This letter serves to inform you that a Basic Assessment processes is being undertaken for the grid connection solution associated with the wind farm. The infrastructure associated with the grid connection solution will include the construction of a double-circuit 132kV power line, a collector substation and associated infrastructure including access tracks/roads, administrative buildings and laydown areas.

The details of the projects is as follows:

Double-circuit 132kV power line	The double-circuit power line will be known as the Strandveld-Gromis 132kV double-circuit power line
Corridor Width (for assessment purposes)	300m
Corridor Length	22km
Power Line Servitude Width	31m
Tower Height (pylons)	32m
Collector substation	Strandveld Substation
Substation Footprint	100m x 200m
Substation Capacity	132kV
Affected Properties	Remaining extent of the Farm Zonnekwa 326
	Remaining extent of the Farm Honde Vlei 325
	Remaining extent of the Farm Kannabieduin 324
	Remaining extent of the Farm Sand Kop 322
	Remaining extent of the Farm Mannels Vley 321
	Portion 15 of the Farm Dikgat 195

The following two connection options exist within the 300m corridor for each grid connection solution, namely:

- » A direct connection from the Strandveld Substation to the existing Gromis Substation located ~18km from the northern boundary of the Zonnequa Wind Farm project site. This is considered to be the preferred option from a technical perspective due to the fact that the Gromis Substation is already existing.
- » A loop-in loop-out connection from the Strandveld Substation to the proposed Rooivlei-Gromis 132kV double-circuit power line which forms part of the Namas Wind Farm grid connection solution. The proposed Rooivlei-Gromis 132kV double circuit power line is located ~800m to the east of the Strandveld substation. This option is only viable should the Namas Wind Farm be developed.

## **BASIC ASSESSMENT PROCESS**

The development (i.e. construction and operation) of the grid connection infrastructure is subject to the requirements of the Environmental Impact Assessment (EIA) Regulations of 2014 published in terms of Section 24(5) of NEMA. In terms of the EIA Regulations of 2014 (as amended on 07 April 2017) promulgated under Sections 24 and 24D of the NEMA, various aspects of the project are listed as activities that may have a detrimental impact on the environment. The main listed activity triggered by the proposed grid connection infrastructure is Activity 11(i) of Listing Notice 1 (GNR327 of the EIA Regulations, 2014 (as amended)), which relates to the development of facilities or infrastructure for the transmission and distribution of electricity outside urban areas or industrial complexes with a capacity of more than 33 but less than 275 kilovolts.

Due to the triggering of Activity 11(i) of Listing Notice 1, of the EIA Regulations, 2014 (as amended), a Basic Assessment process must be undertaken in order to obtain Environmental Authorisation for the construction and operation of the grid connection solution for the Zonnequa Wind Farm. The 300m corridor is also located within the northern corridor of the Strategic Transmission Corridors and the Springbok Renewable Energy Development Zone (REDZ), gazetted on 16 February 2018 (GNR113 and GNR114). This transmission corridor is considered to be of strategic importance for the rollout of the supporting large-scale electricity transmission and distribution infrastructure in terms of Strategic Integrated Project 10: Electricity Transmission and Distribution.

Genesis Zonnequa Wind (Pty) Ltd appointed Savannah Environmental, as the independent environmental consultant, to undertake a Basic Assessment for the project to identify and assess all potential environmental impacts associated with the grid connection solution and recommend appropriate mitigation measures in an Environmental Management Programme (EMPr).

The Department / Company and/or the Organisation which you represent has been identified as a commenting authority for the proposed Zonnequa Grid Connection Project. In this regard, please can you **provide us with the name and contact details** of the relevant contact person at your department / company / organisation with whom we need to liaise with regarding this project. By registering on the project database, you will receive all information relating to the project and will be provided with an opportunity to provide comment and input into the BA process and relevant Reports.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the project. Our team welcomes your participation and look forward to your involvement throughout this process.

Kind regards

**Nicolene Venter**

NOTIFICATION OF AVAILABILITY OF BASIC ASSESSMENT  
REPORT FOR REVIEW AND COMMENT

Sent to all Organs of State on  
project database

28 May 2019

Dear Stakeholder and/or Interested and Affected Party,

## BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

### GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQUA WIND FARM, KLEINSEE, NORTHERN CAPE PROVINCE

---

#### NOTICE OF AVAILABILITY OF THE BASIC ASSESSMENT REPORT FOR REVIEW AND COMMENT

---

Genesis Zonnequa Wind (Pty) Ltd received EA for the Zonnequa Wind Farm (DEA.Ref.No.: 14/12/16/3/3/1/1971) also on 18 February 2019. The approved wind farm is located within the Springbok Renewable Energy Development Zone (REDZ), approximately 20 km south-east of the town of Kleinsee in the Northern Cape. In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

As per our notification letter dated 27 March 2019, a Basic Assessment process is being undertaken for the grid connection solution associated with the wind farm. The infrastructure associated with the grid connection solution will include the construction of a double-circuit 132kV power line, a collector substation and associated infrastructure including access tracks/roads, administrative buildings and laydown areas.

#### AVAILABILITY OF BASIC ASSESSMENT REPORT FOR REVIEW

As a registered Interested and Affected Party (I&AP), you are hereby notified that the Basic Assessment Report (BAR) is available for review and comment. The BAR can be viewed at the Kleinsee Public Library (3<sup>rd</sup> Avenue, Kleinsee, from **Wednesday, 29 May 2019** to **Monday, 01 July 2019**. The report can also be downloaded from the Savannah Environmental's website: <http://www.savannahsa.com/public-documents/grid-infrastructure/>. A password will be required to access the download, and the password can be requested from our Public Participation Office (contact details below).

We kindly request that you submit your written comment(s) on the BAR before or by **Monday, 01 July 2019** via fax, post or email (contact details below). All comments received during this 30-day review period will be recorded and included in the Final Basic Assessment Report for submission to the Department of Environmental Affairs in line with Regulation 44 of the 2014 NEMA EIA Regulations, as amended (GN R326).

Please do not hesitate to contact us should you require additional information and / or clarification regarding the projects. Our team welcomes your participation and looks forward to your involvement throughout this process.

Kind regards

Proof of BA Report Distribution  
(Organs of State)

24 May 2019

Mr Nicol Jansen  
President: Agri Northern Cape  
No 2 Bebington Street  
Monument Heights  
KIMBERLEY 8301

**Per Courier**

Dear Mr Jansen,

**BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESSES**

**GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQUA WIND FARM NEAR KLEINSEE,  
NORTHERN CAPE PROVINCE**

**NOTICE OF AVAILABILITY OF THE BASIC ASSESSMENT REPORT FOR REVIEW AND COMMENT**

Genesis Zonnequa Wind (Pty) Ltd received EA for the Zonnequa Wind Farm (DEA.Ref.No.: 14/12/16/3/3/1/1971) also on 18 February 2019. The approved wind farm is located within the Springbok Renewable Energy Development Zone (REDZ), approximately 20 km south-east of the town of Kleinsee in the Northern Cape. In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

This letter serves to inform you that the Basic Assessment Report (BAR) is available for your Organisation's review and written comments, and a CD containing the BARs for the Grid Connection Infrastructure for the Zonnequa and Namas Wind Farms are included in this envelope.

Please note that the BARs' review period is from **Wednesday, 29 May 2019** to **Monday, 01 July 2019** and we are looking forward receiving your Organisation's written comment on the BARs before or on the closing date of the review period.

Kind regards

**Nicolene Venter**

In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

This letter serves to inform you that the Basic Assessment Report (BAR) is available for your Organisation's review and written comments, and a CD containing the BARs for the Grid Connection Infrastructure for the Zonnequa and Namas Wind Farms are included in this envelope.

Please note that the BARs' review period is from **Wednesday, 29 May 2019** to **Monday, 01 July 2019** and we are looking forward receiving your Organisation's written comment on the BARs before or on the closing date of the review period.

Kind regards

Genesis Zonnequa Wind (Pty) Ltd received EA for the Zonnequa Wind Farm (DEA.Ref.No.: 14/12/16/3/3/1/1971) also on 18 February 2019. The approved wind farm is located within the Springbok Renewable Energy Development Zone (REDZ), approximately 20 km south-east of the town of Kleinsee in the Northern Cape. In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

This letter serves to inform you that the Basic Assessment Report (BAR) is available for your Company's review and written comments, and a CD containing the BARs for the Grid Connection Infrastructure for the Zonnequa and Namas Wind Farms are included in this envelope.

Please note that the BARs' review period is from **Wednesday, 29 May 2019** to **Monday, 01 July 2019** and we are looking forward receiving your Company's written comment on the BARs before or on the closing date of the review period.

Kind regards

Dear Ms Nale,

**BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESSES**

**GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQU WIND FARM NEAR KLEINSEE,  
NORTHERN CAPE PROVINCE**

---

**NOTICE OF AVAILABILITY OF THE BASIC ASSESSMENT REPORT FOR REVIEW AND COMMENT**

---

Genesis Zonnequa Wind (Pty) Ltd received EA for the Zonnequa Wind Farm (DEA.Ref.No.: 14/12/16/3/3/1/1971) also on 18 February 2019. The approved wind farm is located within the Springbok Renewable Energy Development Zone (REDZ), approximately 20 km south-east of the town of Kleinsee in the Northern Cape. In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

This letter serves to inform you that the Basic Assessment Report (BAR) is available for your Department's review and written comments, and a CD containing the BARs for the Grid Connection Infrastructure for the Zonnequa and Namas Wind Farms are included in this envelope.

Please note that the BARs' review period is from **Wednesday, 29 May 2019** to **Monday, 01 July 2019** and we are looking forward receiving your Department's written comment on the BARs before or on the closing date of the review period.

Kind regards

**Nicolene Venter**

**Per Courier**

Dear Ms MacEwan,

**BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESSES**

**GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQUA WIND FARM NEAR KLEINSEE,  
NORTHERN CAPE PROVINCE**

---

**NOTICE OF AVAILABILITY OF THE BASIC ASSESSMENT REPORT FOR REVIEW AND COMMENT**

---

Genesis Zonnequa Wind (Pty) Ltd received EA for the Zonnequa Wind Farm (DEA.Ref.No.: 14/12/16/3/3/1/1971) also on 18 February 2019. The approved wind farm is located within the Springbok Renewable Energy Development Zone (REDZ), approximately 20 km south-east of the town of Kleinsee in the Northern Cape. In order for the wind farm to evacuate the generated power into the national grid the wind farm requires the development of a grid connection solution.

This letter serves to inform you that the Basic Assessment Report (BAR) is available for your Organisation's review and written comments, and a CD containing the BARs for the Grid Connection Infrastructure for the Zonnequa and Namas Wind Farms are included in this envelope.

Please note that the BARs' review period is from **Wednesday, 29 May 2019** to **Monday, 01 July 2019** and we are looking forward receiving your Organisation's written comment on the BARs before or on the closing date of the review period.

Kind regards

**Nicolene Venter**

**CaseHeader** **LocationInfo** **Admin**

**Status:** SUBMITTED

**HeritageAuthority(s):** SAHRA

**Case Type:** Section 38 (8) - Statutory Comment Required

**Development Type:** Electrical Infrastructure

**ProposalDescription:**

Project Name: Grid connection infrastructure for the Zonnequa Wind Farm, Northern Cape Applicant: Genesis Zonnequa Wind (Pty) Ltd Proposed Activity: The development of a double-circuit 132kV power line and collector substation to connect the Zonnequa Wind Farm substation to the Eskom grid. The power line and collector substation will be assessed within a 300m grid connection corridor. Location: The 300m power line corridor is located within the Nama Khoi Local Municipality and the Namakwa District Municipality in the Northern Cape. The corridor falls within Focus Area 8 of the Renewable Energy Development Zones (REDZ), which is known as the Springbok REDZ. The power line corridor traverses seven affected properties: Remaining extent of the Farm Zonnekwa 326, Remaining extent of the Farm Honde Vlei 325, Remaining extent of the Farm Kannabieduin 324, Remaining extent of the Farm Sand Kop 322, Remaining extent of the Farm Mannels Vley 321, Remaining extent of the Farm Dikgat 195, and Portion 15 of the Farm Dikgat 195.

## SAVANNAH ENVIRONMENTAL'S WEBSITE

<https://www.savannahsa.com/public-documents/grid-infrastructure/grid-connection-for-zonnequa-wind-farm/>

### Grid Connection for Zonnequa Wind Farm

#### GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQUA WIND FARM NEAR KLEINSEE, NORTHERN CAPE PROVINCE

**Project Name:** Grid Connection Infrastructure for the Zonnequa Wind Farm, Northern Cape Province

**Applicant:** Genesis Zonnequa Wind (Pty) Ltd

**Proposed Activity:** The development of a grid connection solution associated with the Zonnequa Wind Farm. The grid connection infrastructure associated with the grid connection solution will include the construction of a collector substation (Strandveld Substation), a double-circuit 132kV power line and associated infrastructure including access tracks/roads and laydown areas.

**Location:** A 300m wide and 22km long grid connection corridor, located between the authorised Zonnequa Wind Farm and the Gromis Substation, is being assessed. The corridor is located near Kleinsee and within the Nama Khoi Local Municipality and the Namaqua District Municipality. The grid connection corridor is located within the northern corridor of the Strategic Transmission Corridors and the Springbok Renewable Energy Development Zone (REDZ), gazetted on 16 February 2018 (GNR113 and GNR114). The grid connection corridor traverses the following properties:

- |   |   |
|---|---|
| » Remaining extent of the Farm Zonnekwa 326     | » Remaining extent of the Farm Mannels Vley 321 |
| » Remaining extent of the Farm Honde Vlei 325   | » Remaining extent of the Farm Dilgat 195       |
| » Remaining extent of the Farm Kannabedulin 324 | » Portion 15 of the Farm Dilgat 195             |
| » Remaining extent of the Farm Sand Kop 322     |   |

**Basic Assessment Process:** The project is subject to the requirements of the Environmental Impact Assessment (EIA) Regulations of 2014 published in terms of Section 24(5) of NEMA. Various aspects of the project are listed as activities in terms of the EIA Regulations, 2014 (as amended), that may have a detrimental impact on the environment. Savannah Environmental is undertaking the required environmental assessment and public participation process.

The process will also include the submission of Water Use License Applications to the Department of Water and Sanitation (DWS) as regulated by the National Water Act (Act No. 36 of 1998).

**Basic Assessment Report Available for Review and Comment:** The Basic Assessment Report is available for review and comment from **Wednesday, 29 May 2019 to Monday, 01 July 2019** and can be viewed at the Kleinsee Public Library, 3<sup>rd</sup> Avenue, Kleinsee or downloaded from our website (see below). The due date for written comment is **Monday, 01 July 2019**.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

### **PER EMAIL / MAIL**

Dear Sir/Madam

### **ACKNOWLEDGEMENT OF RECEIPT OF THE NEW APPLICATION FOR ENVIRONMENTAL AUTHORISATION (BASIC ASSESSMENT PROCESS) AND BASIC ASSESSMENT REPORT FOR THE PROPOSED GRID CONNECTION INFRASTRUCTURE FOR THE ZONNEQUA WIND FARM, NORTHERN CAPE PROVINCE**

The Department confirms having received the Application for Environmental Authorisation and Draft Basic Assessment Report for the abovementioned project on 29 May 2019. You have submitted these documents to comply with the Environmental Impact Assessment (EIA) Regulations, 2014, as amended.

Please take note of Regulation 40(3) of the EIA Regulations, 2014, as amended, which states that potential Interested & Affected Parties, including the Competent Authority, may be provided with an opportunity to comment on reports and plans contemplated in Regulation 40(1) of the EIA Regulations, 2014, as amended, prior to the submission of an application but must be provided an opportunity to comment on such reports once an application has been submitted to the Competent Authority.

Note that in terms of Regulation 45 of the EIA Regulations, 2014, as amended, this application will lapse if the applicant fails to meet any of the time-frames prescribed in terms of these Regulations, unless an extension has been granted by the Department in terms of Regulation 3(7) of the EIA Regulations, 2014, as amended.

You are hereby reminded of Section 24F of the National Environmental Management Act, Act No. 107 of 1998, as amended, that no activity may commence prior to an Environmental Authorisation being granted by the Department.

Kindly quote the abovementioned reference number in any future correspondence in respect of the application.

Yours sincerely

**Mr Sabelo Malaza**

## Message

Dear Peter,

As requested, herewith the BAR & Appendices for the Namas Grid Connection project.

The EAP confirmed that the review & comment period that is ending on Monday 01 July 2019 can be extended to Thursday, 04 July 2019 to accommodate your Department's comments.

Hope you find above-mentioned in order.

Kind regards,

Nicolene

**To:** Natasha Higgitt; Savannah Public Process; Nicolene Venter  
**Subject:** RE: REMINDER:Review period ending soon: Grid Connection Infrastructure for the Zonnequa Wind Farm  
**Attachments:** Namas Grid - App G - Heritage.pdf; Zonnequa Grid - App G - Heritage.pdf

Hi Natasha

The Reports were uploaded. See below the screen shot. Please find attached the reports as requested.

Regards

The screenshot shows the SAHRIS (Savannah Heritage Registration and Information System) web interface. The page title is 'Grid connection infrastructure for the Zonnequa Wind Farm'. The status is 'Pending & Under Assessment'. The heritage authority is SAHRA (Northern Cape). The case type is 'Section 38 (5) - Statutory Comment Required'. The development type is 'Electrical Infrastructure'. The proposal description details the project name, location, and affected properties. The application date is Monday, May 20, 2019. The case ID is 13833. The applicant is Genesis Zonnequa Wind (Pty) Ltd. The consultant is Lisa Opperman. There is a table for 'OtherReferences' with columns for Dept, CaseReference, DueDate, and FinalDecision. The table contains one entry for 'DEA' with a reference to 'Heritage Reports: HIA Zonnequa Wind Farm'. There is also a section for 'AdditionalDocuments'.

Good morning,

The HIA report for the Zonnequa Grid Connection and the Namas Grid Connection were not uploaded to the cases. As we are experiencing some issues with the document upload, please email me the reports for SAHRIS Case ID 13833 and 13835 so that I can review them in time for deadline.

Kind regards,

---
