Haesloop Agencies cc, the company who trades at the 7-12 Railway Street ,
Pinetown premises owned by Rabbit Warren Properties cc, are shoe buckle merchants that
have been trading at these same premises since 1952. The nature of business operations on
site is that the facility is used as a warehousing and distribution facility. The items that are
received, stored and dispatched from this facility are metal shoe buckles, shoe eyes, etc
which are very small and light. They are transported in cardboard boxes, which are handled
throughout the process by people ie. no forklifts are used. Small trucks are used for the
delivery of the goods to the building, and similarly for the distribution there from.
No manufacturing of the goods occurs on the premises
3 Existing buildings are needed to be demolished in order to design and build a new
warehouse that can store all the delivered goods for the company.

**3. Detail the alterations/additions/restorations proposed** (Briefly outline the proposal)

The new warehouse is a simple steel portal frame that expands from the existing Haesloop
