Dear Sir

Subject: Development of ONkweni Filling Station Fuel tanks with a capacity of 76 000 litres within Ulundi Local Municipality

1. Your correspondence dated 07th March 2017; regarding the abovementioned has reference.
2. This Department of Economic Development, Tourism and Environmental Affairs (hereafter referred as "Department") has studied the information provided in your correspondence; and is of the opinion that the development and installation of fuel tanks with a total capacity of 76 000 litres within Buthelezi Tribal Authority at Mantungwini Ward 1 area of Ulundi Local Municipality does not constitute an activity which is identified in terms of sections 24(2) and 24D of the National Environmental Management Act (Act 107 of 1998) (NEMA) and therefore does not require environmental authorization.
3. The developer is reminded of section 28 of NEMA and its duty regarding care and remediation of any environmental damage that may occur during the lifetime of the project.

Yours Faithfully

Sibusiso Ndwandwe
