0001

Masetloaka Scott Wilson (MSW) Engineers, on behalf of the Department of Higher Education and Training (DHET) has appointed Nema Consulting to conduct an Environmental Assessment for the proposed Further Education and Training (FET) Colleges. The proposed areas include Nongoma; Kwagqikazi; Umzimkhulu; Nkandla, Greytown and Mbhambanana. Proposed Construction Of Further Education Training (FET) College In KwaGqikazi, KwaZulu Natal Province.

We acknowledge receipt of your invitation for comment with regards to the exemption motivation on the proposed development. It is noted that the site survey of the area of proposed development that was conducted by the Cultural Resources Manager (CRM) Makhosazana Mngomezulu, did not yield any heritage resources as development is confined within the existing College area that is largely disturbed. Exemption from a Full HIA is therefore granted and the development may proceed as planned.

You are also required to adhere to the below-mentioned standard conditions:

Conditions:

1. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
2. No activities are allowed within 50m of a site, which contains rock art.
