Dear Dr Wurz

PERMIT: No.80/09/01/001/52

I attach as requested a permit for the temporary export of two bovid specimens (bovid mandible: OPI F030/3 and Bovid atlas: OPI G 030-36/2) for DNA analysis to Dr Ann Horsburgh and Prof Richard Klein at the Department of Anthropology, Stanford University, California. The SAHRA APM Unit has noted these results would contribute towards understanding domestication of cattle in Africa and would shed light on interactions between the Khoe and Dutch during South Africa's early historic period.

The SAHRA APM Unit wishes you every success with the project.

Yours sincerely

Mrs Mary Leslie
