Dear Mr Pelsler

**PERMIT:** No.80/08/06/001/51

I attach as requested a permit for the rescue of human skeletal remains accidentally uncovered during the earthmoving excavations for the construction of a new police station at Klipgat, North West Province. Please note that this permit is only for the rescue of the burials and not for the full archaeological investigation of the site. This second archaeological investigation would also be permitted by the SAHRA APM Unit, should the site visit by the SAHRA Burial Grounds and Graves Unit, as scheduled for 6 June 2008, reveal further investigation is indeed required. Until the rescue of the burials is complete and the archaeological investigation is resolved to the satisfaction of SAHRA, the site may not be disturbed as it may further threaten any burials that have not yet been uncovered on the site.

Please contact me should you require further clarity on the above matter or any of the conditions as set out in the permit before commencing work.

Yours sincerely

Mrs Mary Leslie  
SAHRA: Manager of the Archaeology, Palaeontology and Meteorite Unit  
For CHIEF EXECUTIVE OFFICER
