Dear Dr Marean

**PERMAMENT EXPORT PERMITS:** Nos 80/08/02/003/52, 80/08/02/004/52

I attach as requested two permits which allow for the permanent export of up to, but no more than, 140 small scrapings of enamel powder from fossil mammal teeth (era 150, 000 years ago) (No. 80/08/02/003/52) and up to, but no more than 120 small scrapings of enamel powder from fossil mammal teeth (era 90,000 to 170, 000 years ago) (No. 80/08/02/004/52), recently excavated from PP30, Boplaas, Western Cape. The SAHRA APM Unit has noted that the material, currently stored at Munroe House (Mossel Bay Archaeology Project Laboratory), will be exported to Prof Julia Lee-Thorp at the University of Bradford for isotopic analysis.

The SAHRA APM Unit wishes you every success with the project.

Yours sincerely

Mrs Mary Leslie
