Dear Dr Fourie

PERMIT: No.80/08/12/005-010/61

I attach as requested a permit for collection of fossils on farms in the Middelburg area of the Eastern Cape for research purposes. These farms include Drooge Fontein 42, Brand Vallei 31, Vrees Fontein 44, The Meadows, Schoongesicht 43 and Soutpansdrift 198. It has been noted the purpose of the fieldwork is to focus on finding therocephalian material in the *Lystrosaurus* Assemblage Zone with the aim of expanding the Transvaal Museum's collection to include Theracephalia and other lacking material.

The SAHRA APM Unit wishes you every success with the project.

Yours sincerely

Mrs Mary Leslie
