Dear Mr Chazan

EXPORT PERMITS: Nos: 80/06/08/011/52, 80/06/08/012/52

I attach as requested permits to export 10 soil samples from Wonderwerk and 2 handaxes from Kathu Pan 1 curated at the McGregor Museum, Northern Cape Province, for analysis.

Please note that any future applications must be submitted timeously to allow requests to be circulated to permit committee and to allow time to address any comments of concern. In addition, we would prefer the applicant to be the museum curator who exports the object to the overseas person. In future please also provide full motivation as permit committee may ask whether the analysis of the handaxes is invasive or not.

SAHRA wishes you success with your projects.

Sincerely

Mrs Mary Leslie
