Dear Dr Pistorius

**PERMIT:** No.80/11/09/033/51

Thank you for settling your permit application fee with SAHRA. I attach as requested a permit to mitigate the remains of a Late Iron Age site within the Lonmin Smelter Complex, near Marikana, North West Province. A report must be submitted to SAHRA on completion of the mitigation work, where after the mine, or the archaeologists (on behalf of the mine), may apply for a permit to destroy the site, should the report be satisfactory. SAHRA will advise accordingly following completion of the work, and receipt of the report.

We wish you every success with the project.

Yours sincerely

Mrs Nonofho Ndobochani  
SAHRA: Manager of the Archaeology, Palaeontology and Meteorites Unit  
For CHIEF EXECUTIVE OFFICER
