Dear Prof Huffman

PERMIT: No. 80/05/04/007/51

I attach as requested a permit to allow for the mitigation of archaeological sites (as identified in the December 2004 Phase 1 report) at Rooiberg Village site, on the farm Buffelsfontein 353KQ, in the Thabazimba district, Limpopo province. Although the application only cite sites CB14 and CB 18 for mitigation, SAHRA recommends mitigation measures be undertaken for sites CA4 and CA 1 as recommended in the Phase 1 report. Please note site CA 1 must be fenced off, as part of the mitigatory procedures, and a management plan for this site must be developed of which SAHRA must approve. The mitigation of all sites listed must be fully documented in a Phase 2 report to SAHRA before approval for destruction of any of the sites will be given. Please contact me should you have any questions regarding this matter.

Sincerely

Mrs Mary Leslie
