Dear Ms Patrick

**PERMIT:** No. 80/05/11/008/51

I attach as requested a permit to dig six trenches in a public open space to determine the presence of burials prior to the development of the area by the City Council, at Church Square, Cape Town.

Please note that it is possible there might be archaeological remains on site and work to be conducted should have been permitted by Heritage Western Cape (HWC) for any archaeological material excavated. This is necessary to ensure any material excavated will be curated at an approved institution. Should any archaeological material be uncovered work on the site should cease and a Section 35 permit from HWC obtained We have informed HWC that you are commencing work with only approval for a Section 36 permit for burials.

SAHRA wishes you every success with the project.

Sincerely

Mrs Mary Leslie
