**PERMIT:** No. 80/05/02/017/51

I attach as requested a permit to destroy sites 1,2,3,6 and 7 on the farm Klipriviersberg 2628 AC, in the Alberton district, Gauteng province. SAHRA understands that mitigation of all these sites had been undertaken and destruction of these mitigated sites would allow for development to proceed.

Sites that have not been recommended for destruction should in terms of their future conservation have a management plan in place, which should be managed by the responsible authority for the area such as the housing association. Should you wish to be advised further on this matter please contact me as soon as possible as it would be advisable to have a management plan in place before development in the area commences.

SAHRA wishes you every success with the project.

Sincerely

Mrs Mary Leslie
