Phase 2 Archaeological Mitigation of a Stone Age open-air surface site through detailed sampling of representative material.

Dear Anton Pelsler,

Thank you for clarifying the matter as per our letter from 22 March 2023. It is noted that you recommend that no further mitigation work is required and that the development at the site can go ahead.

We have reviewed your permit report and the clarification and have approved it.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Phillip Hine
