

Letter

In terms of Section 37 of the KwaZulu-Natal Heritage Act (Act 4 of 2008) and the National Heritage Resources Act (Act 25 of 1999)

Attention: Rev RR Naidoo

Alteration & Addition: 37 Main Road, Malvern, Queensburgh Ref: 10/3Ptn/02 12-482

The permit application in respect of the above, received on the Friday, February 08, 2013, and revised proposal to replace the windows, reviewed by the Built Environment Committee on the 21 November 2013 refers. Please be advised as follows:

Replacement of timber windows with aluminium: Permission was REFUSED due to the affect this would have on the visual appearance of the building and the fact that aluminium windows do not have the maintenance free life span that is claimed.

All existing timber windows must be repaired or replaced with timber to match the existing in form and function.

The applicants could source replacement material from the Amafa Materials bank and Amafa can supply list of joiners who could carry out the repairs/replacement of the windows.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Ros Devereux
Head: Built Environment Section
