We request permission to thin section a partial humerus from a *Eunotosaurus africanus* specimen (CGP/1/3000) in order to gain valuable information regarding the lifestyle of this genus, which will in turn shed light on the ecology of this very important group, the ancestors of turtles.

Dear Dr Botha-Brink,

Thank you for your application to sample a humerus fragment of *Eunotosaurus africanus* CGP/1/3000 from Council of Geoscience for bone histological analysis. SAHRA has reviewed your application and decided to approve it.

We wish you every success with this project.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
