## Letter

### In terms of Section 32(19) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Ms Stephany Potze  
Ditsong Museums of South Africa  
PO Box 4197

### Sampling of Antidorcus specimens for stable isotope analyses in attempts to determine changes in vegetation over the last two million years.

Dear Stephany Potze, Lauren Sewell and Dr. Sally Reynolds,

Thank you for your application to export enamel specimens of *Antidorcas* from Swartkrans. I would like to request further details with regard to your application:

- Could you please indicate in your application if the sampling will take place in South Africa or in the UK, i.e., will it be a permanent export permit for powder samples that will be destroyed in the analysis process or a temporary export of the entire teeth that after sampling will be returned to South Africa?
- Could you please provide details on the mode of transport, i.e. will they be hand-carried or air-couriered?
- Please indicate the duration for which you will need the permit, especially in case the specimens will be returned to SA?

Please be so kind to upload them in a letter to your application on SAHRIS.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
