Letter

In terms of Section 27(18) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Dr Justin Adams
Monash University
School of Biomedical Sciences
Monash University

A sampling permit is requested to allow for the preparation of one sterile breccia block collected at a site named, Legaga in the Cradle of Humankind. This breccia block was collected on a dump pile and the intention is to conduct chemical preparation on the block in order to access how the material reacts to chemical preparation and if any fossil are present to assist in determining if a site excavation permit should be requested in the future. A image of the dump is included in this application to provide context.

Dear Dr J. Adams,

Thank you for your permit application to sample a breccia block collected from a dump pile at the site Legaga within the Cradle of Humankind World Heritage Site.

SAHRA has reviewed your application and decided to approve it. The permit is valid until 28 February 2022.

We wish you every success with this project.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
