The construction of a 130 metre Buffels River Bridge (Number 3717) over the Umzinyathi River on L2953 Local Road in the Mhlaba area east of Pomeroy in KwaZulu-Natal. Erf-Klip River 4665 & Reserve #18 15838. DC24/0012/2014

Thank you for submitting the Heritage Impact assessment Report by Active Heritage as well as a summary of the Paleontological Desktop Study. We require that the developer engages the services of a Paleontologist to conduct a Field-based Paleontological Study of the area of proposed development since trace fossils have been recorded from the upper layers of the formation on which the development is due to take place.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
