CONSTRUCTION PHASE OF THE MADRASSA AN-NOOR FOR THE BLIND FACILITY IN CEDARA, WARD 6, UMGANI MUNICIPALITY.

Thank you for informing us about this proposed development. We require a Heritage Impact Assessment to be conducted to establish the impact of the proposed development on the development footprint and its surroundings as the area is considered sensitive in terms of heritage values. The development is likely to be a threat to structures, archaeological material and the historical components of the general area.

Amafa KZN Heritage therefore requires the appointment of Amafa approved Heritage Practitioners to assist in the provision of recommendations and mitigation procedures. The heritage report should be based on a fieldbased archaeological survey and a historical survey by a heritage architecture.

The Study should cover:

- Identification of all heritage resources in the development area and its surroundings -50m
- Assessment of the impact of the development on such heritage
- Evaluation of the impact of the development on heritage resources relative to the sustainable social and economic benefits to be derived from the development
- Results of consultation with communities affected by the proposed development and other interested and affected parties regarding the impact of the development on heritage resources.
- Consideration of alternatives if heritage resources are affected by the development
- Mitigation plans for any adverse effects during and after completion of the project
- Table of all heritage resources identified. This should show Heritage resource type, description, location, significance and reasons for this rating.

Please download our list of Heritage Practitioners from our website www.heritagekzn.co.za and the website of the PSSA, <http://www.palaeontologicalsociety.co.za>. The list of historian in the field of heritage Architecture is available on request from Amafa .

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
