This project aims to excavate and analyze the Earlier Stone Age material from the gravel layers at Canteen Kopje's southeast area. As part of our ongoing research there we aim to collect this data to understand the technology leading into the appearance of the Victoria West prepared core. The site is in Barkly West, Northern Cape Province.

Dear Drs Leader and Morris

Thank you for informing SAHRA that Ms Kelita Shadrach will be undertaking archaeological excavations at Canteen Kopje between 1 - 8 October 2016. SAHRA is satisfied with the qualifications and field experience of Ms Shadrach to oversee the excavations without the presence of the principal investigators.

We wish you every success with this project.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Phillip Hine
