## Letter

### In terms of Section 38(2) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Ms Lerato Mathibela

Eskom Distribution  
Mpumalanga Operation g Unit  
P O Box 223  
Witbank  
1035

### **Construction of the proposed 22kv powerline at Daggakraal, Amersfoort, Pixley ka isaka seme local Municipality, Mpumalanga province**

Eskom SOC Ltd, Limpopo Operating Unit (MOU) is requesting, on behalf of their applicant, that SAHRA grant them an exemption from conducting heritage studies for this proposed power line development. According to the documents submitted to the case, the proposed new power line will be 1.822 km in length starting at BVD 11 kV, located in the Mpumalanga Province. The power line will be supplying electricity to various houses in the Hlanganani Village, the power line will be constructed along existing gravel roads.

SAHRA issued a Response to a Notification of Intent to develop (NID) letter dated 11/10/2019, that requested additional information in the form of Ground level photos of the proposed power line route including photos of each pole position.

A survey diagram provided with a legend to guide in the understanding of the various symbols on the map, and cross section of the pole and the depth of excavations.

A project description provided to the case containing a description of the environment in which the power line will be constructed in.

A .kmz file with the survey route was submitted, but no accompanying information or description of the power line was submitted. Therefore, SAHRA still requires the submission of a survey diagram with a legend to guide in the understanding of the various symbols on the map, and cross section of the pole and the depth of excavations.

It should be noted that the case was not submitted back to SAHRA in the correct manner.

### SAHRA Response to Notification of Development

This application constitutes a section 38 (1) application for approval by SAHRA in terms of the National Heritage Resources Act, no 25 of 1999 (NHRA), as the proposed power line exceeds 300 metres in length. However, SAHRA cannot provide a response in terms of section 38(2) for this application because the above mentioned documents have not been submitted to the case. The survey diagram must be a .pdf file for better visibility and it must be uploaded to the case for assessment.

SAHRA will respond to the NID once this information is uploaded to the case.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
