SAHRA Response to Notification of Development

This application constitutes a section 38 (1) application for approval by SAHRA in terms of the National Heritage Resources Act, no 25 of 1999 (NHRA), as the proposed power line exceeds 300 metres in length. As such SAHRA is providing response in terms of section 38(2) with regards to this application.

SAHRA Archaeology, Palaeontology and Meteorites Unit cannot make an informed decision on this proposed development because the information provided to this case is not enough to determine if any heritage resources will be disturbed or damaged by the proposed power line construction. In order for SAHRA to process this case a detail project description of the Nature and extent of the development must be submitted.

SAHRA requires ground level photographic images of the power line route and photos of the pole positions on the ground to be uploaded to the case, along with a desd, a project description, depth of foundations required for the wooden pole and a wayleave document.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
