## Letter

### In terms of Section 38(2) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Maxwell Singo  
Kanas Consulting Engineers

### **Construction of 375m of new Power Line 22kV. Power Line to be build in the village called Ha-Ravele. Local municipality is Makhado. District Municipality is Vhembe. Province is Limpopo**

The information provided in this case is insufficient to substantiate the motivation for SAHRA to provide a letter, or decision. The minimum required information should be the following:

- A .kml file of the proposed power line route has not been submitted to the case. The file must provide a map of the power line route as it appears in the survey diagram. The .kml file must map the power line route using lines not a polygon or a point.

### **SAHRA Response to Notification of Development**

This application constitutes a section 38 (1) application for approval by SAHRA in terms of the National Heritage Resources Act, no 25 of 1999 (NHRA), as the proposed power line exceeds 300 metres in length. However, SAHRA cannot provide a response in terms of section 38(2) for this application until the aforementioned .kml file is submitted to the case.

SAHRA will respond to the NID once this information is uploaded to the case.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

---
