Response to NID (Notification of Intent to Develop)

In terms of Section 38(2) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Mrs Lizel

8 GIRAFFE ROAD
SABLE HILLS WATERFRONT ESTATE
KAMEELFONTEIN
0035

Powerline exceeds 300m

E VD Engineering has submitted a section 38(1) of the National Heritage Resources Act, no 25 of 1999 (NHRA) application, on behalf of their applicant, to obtain a SAHRA decision in terms of section 38(2) of the NHRA for the construction of a 2221m power line starting from Waterberg/Afguns 22kV, on Portion 1 and the remainder of the farm Bankfontein 686 LQ and Dwarsfontein 680 LQ, in the Limpopo Province.

The information submitted to the case is insufficient to make a decision in terms of section 38(2).

SAHRA Response to Notification of Development

This application constitutes a section 38 (1) application for approval by SAHRA in terms of the National Heritage Resources Act, no 25 of 1999 (NHRA), as the proposed power line exceeds 300 metres in length. As such, SAHRA is providing response in terms of section 38(2) with regards to this application.

SAHRA Archaeology, Palaeontology and Meteorites Unit cannot make an informed decision on this proposed development because the information provided to this case is not enough to determine decisively that heritage resources will not be disturbed or damaged by the proposed power line construction. In order for SAHRA to process this case, The SAHRA requests that photos of the power line route are uploaded onto SAHRIS as individual photos, or in a word document containing a compilation of the photos show the landscape clearly. Additionally, the DESD and Wayleave must be submitted to the case.

If historical features are identified in the photographs, then an assessment of impacts to heritage resources will be required in terms of section 38(2)a.

Should you have any further queries, please contact the designated official using the case number quoted
