## Letter

### In terms of Section 38 of the National Heritage Resources Act (Act 25 of 1999)

Attention: HydroScience

P.O. Box 1322  
Ruimsig  
1732

**The project area is 3.5ha in size and is currently zoned for agricultural purposes, used mainly for the harvest of macadamia nut trees. An old farm house, two workers units and two chalets already exist on site. The development will extend over the entire property and in the process of developing the site into a guest lodge. The proposed guest lodge will be established on the Portion 228 of the farm Waterkloof 305 JQ, Rustenburg, North West Province.**

HydroScience CC was appointed by Steenstraat Beleggings CC to conduct a Basic Assessment Process in support of an Environmental Authorisation Application for the proposed development and operations of a guest lodge on Portion 228 on the Farm Waterkloof 305 JQ, Rustenburg, North West Province. A Basic Assessment Report (BAR) was to be completed in terms of the National Environmental Management Act, 1998 (NEMA) and the EIA Regulations, 2014.

It must be noted that the date of application on the SAHRIS System for this case was the 21 October 2014; however the case was left in the DRAFT status until the 13 January 2017 when it was changed to SUBMITTED. As such, SAHRA was unable to provide comments for the proposed project within the regulated timeframes.

The BAR and all appendices must be submitted to the case, including any decision provided by the North West Department of Rural, Environmental and Agricultural Development so that SAHRA may assess the case for any outstanding issues of compliance.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
