

## Letter

### In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Dick Berlijn

Bokamoso Energy (Pty) Ltd.

2nd Floor, West Tower, Maude Street, Nelson MandelaSquare, Sandton, 2196

### Proposed 75MW Bokamoso Photovoltaic Solar Energy Facility near Leeudoringstad, North West Province.

Thank you for your indication that development is to take place in this area.

In terms of the National Heritage Resources Act, no 25 of 1999, heritage resources, including archaeological or palaeontological sites over 100 years old, graves older than 60 years, structures older than 60 years are protected. They may not be disturbed without a permit from the relevant heritage resources authority. This means that before such sites are disturbed by development it is incumbent on the developer to ensure that a **Heritage Impact Assessment** is done. This must include the archaeological component (Phase 1) and any other applicable heritage components. Appropriate (Phase 2) mitigation, which involves recording, sampling and dating sites that are to be destroyed, must be done as required.

It is noted that on page 16 of the Final Scoping Report that a Heritage Impact Assessment will be undertaken for this project. Please note that this must be undertaken before approval from the competent authority is received and construction starts. SAHRA will make further recommendations regarding this project as soon as the HIA is submitted.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

---

Phillip Hine  
Heritage Officer

# Bokamoso PV Energy Facility
