Proposed construction of 5.3 km gravel road in Ko-Gabela Village in Msinga Local Municipality, KwaZulu Natal

Thank you for informing Amafa about this development. The submitted information has been considered against the Amafa database and this office considers the area to be generally sensitive in terms of heritage values as it is an archaeological, historical and fossil sensitive zone.

For this reason Amafa requires a Heritage Impact Assessment of the area of proposed development to be conducted in order to get relevant input for decision making and formulation of appropriate mitigation measures.

The Study should cover:

- Identification of all heritage resources in the development area and its surroundings -50m
- Assessment of the impact of the development on such heritage
- Evaluation of the impact of the development on heritage resources relative to the sustainable social and economic benefits to be derived from the development
- Results of consultation with communities affected by the proposed development and other interested and affected parties regarding the impact of the development on heritage resources.
- Consideration of alternatives if heritage resources are affected by the development
- Mitigation plans for any adverse effects during and after completion of the project
- Table of all heritage resources identified. This should show Heritage resource type, description, location, significance and reasons for this rating.

Please download our list of Heritage Practitioners from our website www.heritagekzn.co.za.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
