## **Final Comment**

**In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the KwaZulu-Natal Heritage Act (Act 4 of 2008)**

Attention: eThekweni Metropolitan Municipality  
PO Box 680  
Durban  
4000

**eThekweni Water and Sanitation (EWS) propose to construct two ablution blocks, a pump station and associated pipework in uMlazi E to provide formal sanitation facilities to the informal settlement in the area. Sections of the proposed pipelines and the pump station fall within 32 meters of a watercourse. Cumulatively, the pipelines will be longer than 300m and therefore AMAFA is required to comment on the application.**

Amafa aKwaZulu Natali has no objection to the proposed development as the survey by Frans Prins of Active Heritage did not yield any heritage resources.

You are also required to adhere to the below-mentioned standard conditions:

Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
