

Final Comment

In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the KwaZulu-Natal Heritage Act (Act 4 of 2008)

Attention: Msunduzi Local Municipality

The proposed pipeline will run on the border of Wards 4, 12, 20 and 21 of the Msunduzi Local Municipality and will run adjacent to the Msunduzi River.

Thank you for the opportunity to comment. The application has been considered and Amafa does not consider the development to be a threat to heritage resources in this largely disturbed locality. Amafa has no objection to the development .

You are however required to adhere to the below-mentioned standard conditions:

Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.
4. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Failure to comply with the requirements of the National Heritage Resources Act and the KwaZulu Natal Heritage Resources Act could lead to legal action being instituted against the applicant.

This decision is **valid for a period of two years.**

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
