

## Final Comment

### In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the KwaZulu-Natal Heritage Act (Act 4 of 2008)

Attention: eThekweni Department of Human Settlements

#### Heritage Scoping Report Proposed Upgrade of Banana City Informal Settlement eThekweni Metropolitan Municipality

Thank you for the Heritage Report on which to base our decision. The survey by eThembeni indicates that there are no heritage resources within the development footprint. This is backed by the conclusion that "past market gardening activities and the more recent intensive human settlement has masked over any primary context archaeological material that may have been present on the hilltop locality. No residues were observed during the walk over of the site"

Amafa therefore has no objection to the development.

You are also required to adhere to the below-mentioned standard conditions:

#### Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.
4. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Failure to comply with the requirements of the National Heritage Resources Act and the KwaZulu Natal Heritage Resources Act could lead to legal action being instituted against the applicant.

This decision is **valid for a period of two years.**
