Application to export geological flowstone samples to the UK for U-Pb dating. The samples come from the site of Drimolen and consist solely of limestone rock samples. The small flowstone samples are labelled DNFS1-15 and will be destroyed in the process.

Your application to export 15 geological flowstone samples to the UK for U-Pb dating was received and discussed by the APM HOB Permit Committee. The samples come from the site of Drimolen and consist solely of limestone rock samples. The small flowstone samples are labelled DNFS1-15 and will be destroyed in the process.

The Permit Committee has agreed to issue the permit for the destruction and permanent export of these 15 samples. The permit will expire on 1 August 2016.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Jenna Lavin
Heritage Officer
South African Heritage Resources Agency

Colette Scheermeyer
