Consultation In Terms Of Section 40 Of The Mineral And Petroleum Resources Development Act 2002, (Act 28 Of 2002) For The Approval Of An Environmental Management Plan in Respect of a Portion of the Remainder of the Farm Nabapeep No 134 Administrative District: Namaqualand

SAHRA has considered the application for reworking of the old Nabapeep Mine dumps, Namaqualand District.

Although several old mine buildings are located on the Farm Nabapeep and the area is significant to the history of copper mining in the Northern Cape, SAHRA APM Unit is satisfied that this application will not affect any significant archaeological or palaeontological resources on the site.

Any plans to alter, renovate or in any other way disturb the remaining buildings of the mine complex must be submitted to SAHRA and the Northern Cape Provincial Resources Authority (Ngwao Boswa ya Kapa Bokone) for comment.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
