

Letter

In terms of Section 35(4) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Udo Kusel
African Heritage Consultants CC

Phase II mitigation of archaeological material uncovered during development of a rapid transit bus system in Pretoria. The development will link Boom Street and Scheiding Street along Paul Kruger Street (historically Markt Street).

Dear Dr Kusel,

The SAHRA APMHOB permit committee has received your application requesting a permit for the mitigation of archaeological material uncovered during the construction of the rapid transit bus system in Pretoria. The development will mostly be limited to Paul Kruger Street.

The permit committee agreed with the issuing of the permit and recommended that *in situ* conservation is always considered as preferred option.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Mariagrazia Galimberti
